HISTORY.—On Dec. 1, 1895, succeeded to the property of the old New York Lake Erie & Western RR. Company, sold in foreclosure on Nov. 6 under its second consolidated mortgage. The new company holds in fee or through ownership of all or practically all the stock of the independent companies, the line from New York to Chicago (including the Nypano RR. and Chicago & Erie companies) and also all branch and subsidiary lines except a few small properties aggregating about 300 miles held under lease. The reorganization **plan** of August, 1895, was given at length in V. 61, p. 368.

In January, 1898, control of the N. Y. Susquehanna & Western was obtained. The road is operated as an independent line. The acquisition will save the Erie considerable double tracking—see V. 66, p. 83 335, 573, and editorial p. 53. See STOCK below.

Nor. RR. of N. J. leased and 4 per cent guaranteed on its $1,000,000 stock in June, 1899.—V. 69, p. 81, 447.

In June, 1899, practically all of the stock of the New Castle & Shenango Valley RR. was acquired. V. 69, p. 447.

COAL AND STEAMBOAT PROPERTY.—The Erie coal properties represent an aggregate of 10,500 acres of anthracite, of which about 9,000 acres are held in fee; also 53,000 acres of bituminous coal lands held in fee 14,000 acres of bituminous held under mineral rights. Its coal tonnage in the year 1898-99 aggregated 11,363,640, out of the 24,916,944 tons hauled. The Union Steamboat Co. has its terminal and other properties in Buffalo and a fleet of eight lake steamers. See V. 63, p. 514.

STOCK.—The *stock* is to be held by J. Pierpont Morgan, Louis Fitzgerald and Charles Tennant, Bart., voting trustees, for five years, and thereafter until the new first preferred stock shall have received 4 per cent cash dividend in one year. In the meanwhile certificates of beneficial interest are outstanding. The new company reserves the right to redeem either class of its preferred stock at par in cash. Provisions of voting trust and preferred stock certificate were given in SUPPLEMENT of April, 1897, page 3.

In Mar., '98, Erie 1st pref. stock was authorized to be increased from $30,000,000 to $43,000,000, and common stock from $100,000,000 to $113,000,000, to acquire New York Susq. & Western stock.—See V. 66, p. 335, 573.

BONDS.—New York & Erie first 7s for $2,482,000, due May 1, 1897 were extended for 50 years at 4 p. c., payable p. & i. in gold. V. 64, p 180, 1040. The new first consolidated mortgage is for $175,000,000 [Farmers' Loan & Trust Co. trustee]—see **abstract** of deed V. 62, p. 89 and secures $35,000,000 prior lien bonds and $140,000,000 general lien bonds. Of the $35,000,000 *prior lien bonds*, $5,000,000 are to be used for improvements.

Of the $140,000,000 *general lien bonds*, $91,968,000 are reserved for the ultimate acquisition of all bonds and guaranteed stocks now left undisturbed on various parts of the system [excepting the $1.000,000 seconds on Buffalo & Southwestern—see list V. 62, p. 89], and $17,000,000 are reserved for new construction, betterments, additions, etc., after 1897, under carefully guarded restrictions, not over $1,000,000 to be used in any one year. The general lien bonds bear interest from July 1, 1896, first coupon being January 1, 1897, at 3 per cent per annum for two years and 4 per cent thereafter.

The position of the first consolidated mortgage is substantially as follows: It is a first lien, either by mortgage or collateral trust [the prior lien bonds, however, preceding the general lien bonds] upon the company's principal coal properties, upon its water transportation lines, including valuable terminal properties appurtenant thereto, and upon a number of profitable local lines in New Jersey and near Buffalo; it is a *second lien* upon the remaining coal properties and upon the railroads leading to all the coal properties, upon the terminals at Jersey City, upon the Buffalo New York & Erie Railroad (the main line to Buffalo) and the Buffalo terminal properties other than those upon which it is first lien, and upon the entire line from Salamanca to Chicago; it is a *second consolidated mortgage* upon the lines between Piermont and Dunkirk (446 miles.)

Real estate mortgages outstanding June 30, 1899, $439,500.

Old Bonds—Under the first consol. mortgage of 1895 the company covenants to pay the interest regularly on all the old bonds in the table that are marked with a * or a ‡ (except N. J. & N. Y. bonds,) and to take them up and pledge them with the trustee at maturity.

A description of the *Long Dock* 6s was in March, 1894, SUPPLEMENT under N. Y. L. E. & W. The yearly rental is $450,000.

For *N. Y. Lake Erie & W. Coal & RR.*, see SUP. January, 1895.

The $1,750,000 equipment trusts of 1900 cover 1,000 steel freight cars and 50 consolidated freight locomotives.—V. 70, p. 279.

FIXED CHARGES.—The fixed charges of the System on completion of the reorganization were reduced from $9,400,000 to $7,860,000 per annum (including prior lien bonds $1,176,000; undisturbed bonds and stock $5,500,000; general lien bonds, $1,184,000) and for the first two years after reorganization there was a further reduction of about $300,000 per annum.

GENERAL FINANCES.—Control of the Northern RR. of New Jersey was purchased in July, 1897. Control of the New York Susquehanna & Western—which see—was acquired in 1898 through an exchange of stock. V. 66, p. 335, 573. During 1898-9 $1,452,000 of the $5,000,000 prior lien bonds reserved for construction and new equipment were sold; also $1,000,000 general lien bonds issued for construction, but held in the treasury June 30, 1899.

Extension of Gt. North. main line was built in 1898 between Fosston and Duluth, 230 miles. V. 67, p. 28, 796. The Spokane Falls & Northern was acquired in 1898 and taken into the system July 1, 1899. V. 69, p. 959; V. 67, p. 30, 179, 797. The Duluth Miss. River & Northern, etc., was purchased in 1899. possession being taken May 1. See V. 68, p. 187, 822, 976. In Sept., 1899, it was reported that an extension was purposed of the Eastern Minnesota line from Milaca, north about 100 miles, to connect with the Dul. Miss. Riv. & Nor.; also a cut off between Libbey Creek and Kalispell, Mont., to extend from Batavia along Libbey Creek to Libbey, about 75 miles. In Feb., 1900, extension from Wenatchee, Wash., northeast to Republic, 130 miles, reported to be proposed.

STOCK, LEASES, ETC.—This corporation in February, 1890, leased the St. Paul Minneapolis & Manitoba for 999 years, assuming its funded debt and guaranteeing 6 p.c. per annum in gold on its $20,000,000 stock.

In 1898 $25,000,000 new Great Nor. preferred, raising the total capital stock to $50,000,000, was offered to stockholders, $15,000,000 of this being sold at par to provide for retirement of $15,000,000 col. tr. 4s of 1892, called for redemption Sept. 1, 1898, and $10,000,000 being exchanged for the $12,500,000 stock of the Seattle & Montana RR., which in June, 1898, had been declared distributable as a 50 per cent dividend.—V. 66, p. 1044, 1188; V. 67, p. 796.

In October, 1898, the stockholders surrendered the right to issue $20,000,000 common stock in addition to the $50,000,000 preferred then outstanding, and made all the stock "of a single class, with uniform rights and privileges." Also authorized the purchase of the $20,000,000 of guaranteed 6 per cent stock of the St. Paul Minneapolis & Manitoba, on the basis of $125 Great Northern stock for each $100 Manitoba stock, thus increasing the Great Northern stock to $75,000,000. In Apr., 1900, $24,411,000 of the increased stock had been issued and leaving not over $471,200 of the Manitoba stock unexchanged.—(V. 68, p. 129; V. 67, p. 1356; V. 67, p. 370, 788, 842.)

In April, 1899, $15,000,000 additional preferred, raising total to $90,000,000, was offered to stockholders at par, to acquire all the bonds, debentures and stock of the Spokane Falls & Nor. Ry., Nelson & Ft. Sheppard Ry, Columbia & Red Mtn. Ry. and Red Mtn. Ry., and $7,500,000 new stock of East Ry. of Minn. V. 68, p. 772, 822, 1181.

In Jan., 1900, $9,000,000 additional stock was sold at par to stockholders to acquire $3,500,000 further stock of the East Ry. of Minn. and $5,500,000 stock of the Willmar & Sioux Falls Ry., which amounts are to be used for extensions and improvements of the respective companies. The acquisition by the Willmar & Sioux Falls Ry. included the Sioux City & Northern and Sioux City & Western railroads.—V. 70, p. 39.

LANDS.—Land sales in April, 1897, had retired all the 1st mort. bonds and were then applicable to consol mort. of 1883.

Sales for year ending June 30, 1898, were 120,452 acres for $883,145 and 344 town lots for $16,508. The net amount due on land contracts June 30, 1898, was $1,605,626; lands unsold, 1,308,483 acres.

DIVIDENDS, Great No. pfd.%: 1890 1, 1891 4¾, 1892 to 1896 (inclusive), 5 p. c. yearly (Q-F.), '97 5½, '98 6¼, '99 7, 1900 ¶

BONDS.—St. P Min. & Man. *consol. mort.* of 1883 is for $50,000,000, of which bonds are reserved to pay prior liens. It is a first lien on the land grant and on 670 miles of railway in Minnesota and a second lien on the remaining 1,873 miles in Minnesota and the Dakotas, the prior liens on which average only $7,300 per mile. V. 64, p. 518. *Montana Extension* mortgage is for $25,000,000 for extensions and for second track. **Abstract** V. 45, p. 342.

Pacific extension mort. £6,000,000 provides for bonds at £6,000 per mile in Montana and £7,000 per mile west of Montana; £3,000,000 of this issue, in addition to those given in the table above, were pledged to secure the Great Northern's collateral trust bonds, but were released upon payment of the latter, called for redemption on Sept. 1, 1898. V. 66, p. 1041, 1188. See **abstract** of mortgage, V. 52, p. 82.

Eastern Railway of Minnesota runs from Hinckley northward 70 miles, to a point near Duluth; the first mortgage covers road, equipment, terminals and elevators. The Northern Div. $15,000,000 mortgage of 1898 provides for extension building from Fosston, Minn., to the head of lake navigation at Duluth, and also for future requirements, including the retirement of the $4,700,000 1st 5s at maturity. They are redeemable at 105 on three months' notice after Apr. 1, 1928. —V. 66, p. 471. *Montana Central* bonds cover several roads. (See adv. CHRON. Dec. 12, 1891.) The Manitoba guarantees these issues, and the Great Northern assumes the guaranty.

The *Willmar & Sioux Falls* bonds are endorsed with joint and several guaranty of the Manitoba and Great Northern companies. Further issues may be made at $17,500 p. m. for additional road. V. 56, p. 247.

Minneapolis Western first mortgage is for $1,000,000. V. 60, p. 835.

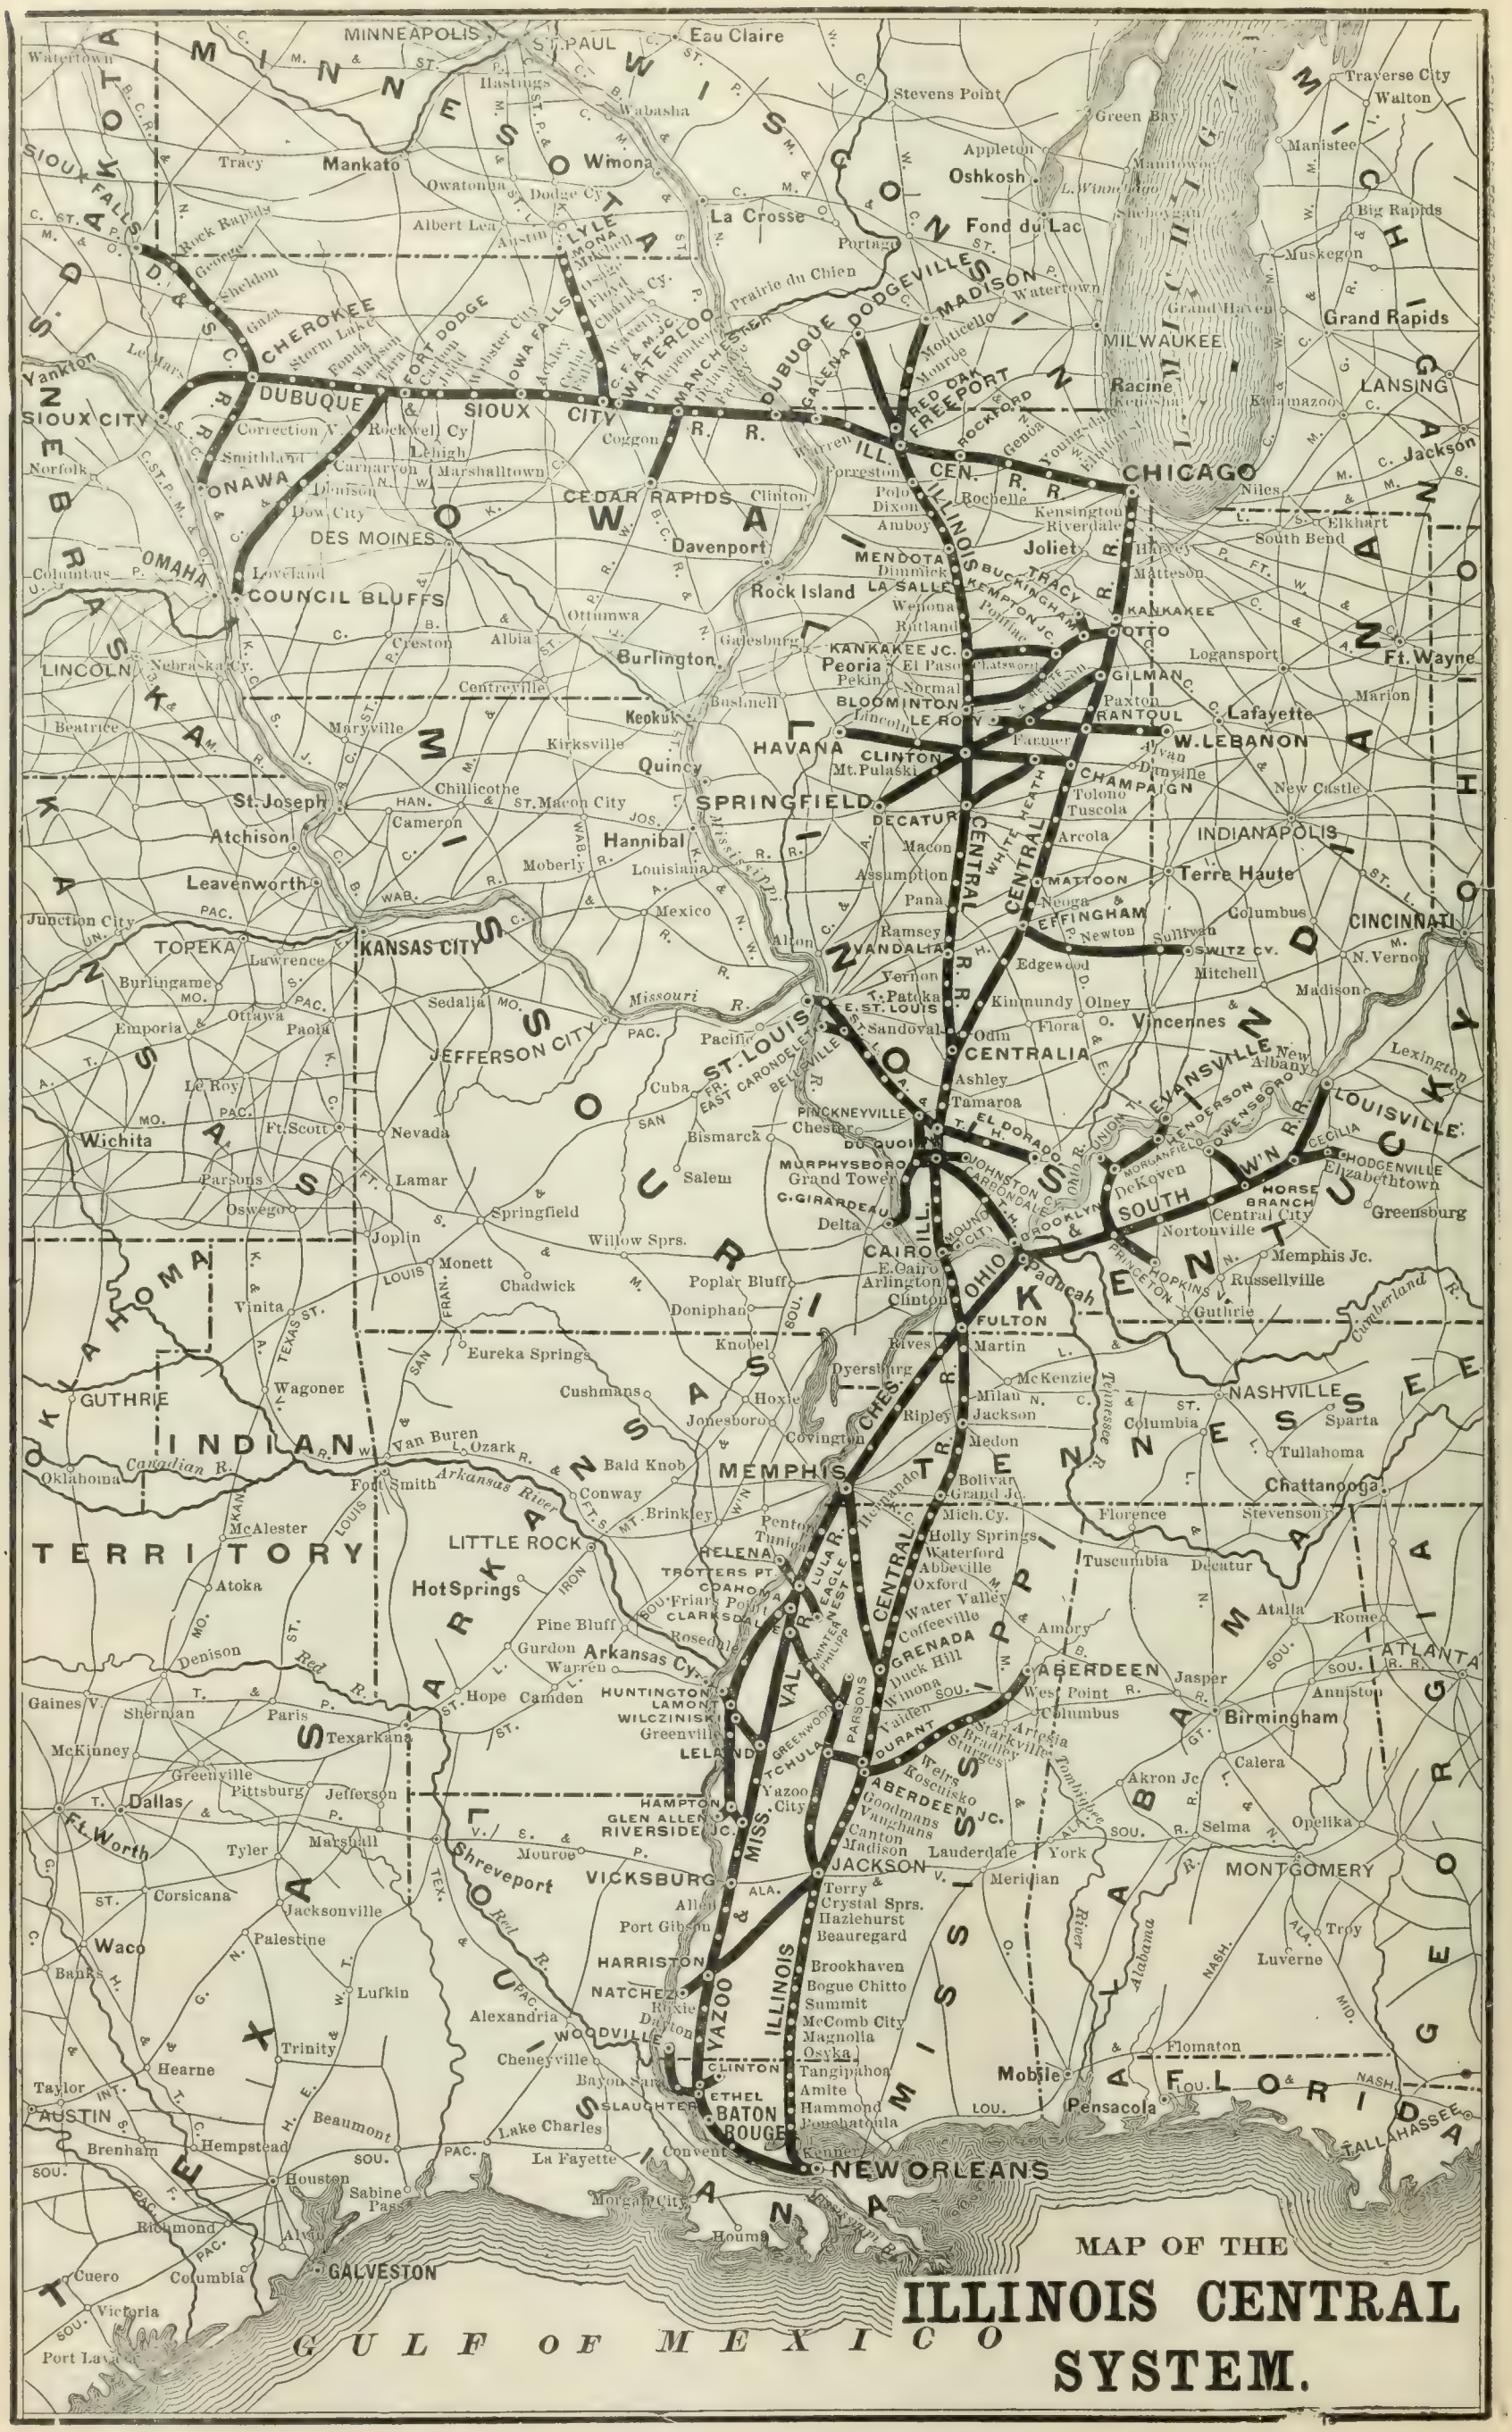
The Chicago St. L. & N. O. is leased for 400 years from July 1, 1882, at 4 per cent per annum on its $10,000,000 stock deposited to secure the *leased line stock.*



In 1892 practically all the stock and bonds of the Louisv. New Orleans & Texas were acquired, and the company merged in the Yazoo & Mississippi Valley. A lease of the St. Louis Alton & Terre Haute system was taken in April, 1896. V. 62, p. 636, 684. In May, 1897, the Chesapeake Ohio & Southwestern and allied lines were merged in the Chicago St. Louis & New Orleans, forming the Louisville Division.

Authorized capital stock increased from $50,000,000 to $60,000,000 in November, 1895; of the $10,000,000 increased stock $2,500,000 was issued at once and $7,500,000 in July, 1899. V. 69, p. 594, 645.

HISTORY, ETC.—Formed in 1887 after foreclosure of the Lake Erie & Western *Railway.* (See V. 50, p. 590.) The terminals at Indianapolis, Peoria, Fort Wayne and New Castle are operated partly under lease. The company lets about 74 miles of trackage and terminal rights receiving about $35,000 yearly. In 1899, control passed to the Vanderbilts and in Jan., 1900, a new directory was elected; the road will be operated as part of the Lake Shore sytem. V. 70, p. 76.

GENERAL FINANCES.—In Jan., 1900, the large floating debt in existence when dividends were suspended in 1899 had all been paid off, about $800,000 had been expended for improvements, and there was $350,000 in the treasury. The road earned in 1899 more than a million dollars in excess of fixed charges, and this surplus, together with the proceeds of sale of the Pittsburg & Western 2ds to B. & O. interests, and of stock in the Cleveland Akron & Columbus RR and the right of way, etc., of the abandoned Cleveland & New Castle project to the Pennsylvania system, produced this marked change in the company's financial condition.

The consol. mortgage of 1897 (United States Trust Co., N. Y., and John T. Dye of Indianapolis, Ind., trustees,) is for $50,000,000 of 3½ per cent gold bonds, tax free, authorized to retire the several issues of 7s maturing from 1898 to 1903 (see **abstract** in V. 64, p. **1182**) amounting to $43,192,000, and the balance, $6,808,000 for use in refunding said bonds and for general purposes of the company. The mortgage covers 829·54 miles of main line and branches—a considerable portion being double tracked—and 181·11 miles of leased lines. The refunding of the first 7s into new 3½ per cent consols will effect a saving in interest charges, when entire $50,000,000 are outstanding, of $1,273,440 a year. See refunding plan in V. 64, p. 469, 610 and also V. 66, p. 82; V. 67, p. 956. To June, 1899, $30,542,000 of 3½s had been listed.—V. 66, p. 1140; V. 68, p. 1182.

GUARANTIES.—As to guaranties additional to those shown in table above see Detroit Hillsdale & S. W. and Fort Wayne & Jackson.

GENERAL FINANCES.—Nothing has been charged to construction or equipment account since 1883, the outlays charged to operating expenses for new equipment amounting in 1898 to $699,516, and in 1897 to $349,280 and for construction to $108,908 in 1898, against $245,179, these items being exclusive of expenditures for renewals. Profit and loss surplus Jan. 1, 1899, $7,350,713. Low grades permit large train loads; average for 1898, 352 tons, against 321 in 1897.

In Dec., 1899, $27,341,000 of the $43,192,000 7 per cents due in 1903 and earlier, and outstanding in June, 1897, had been retired and $31,387,000 new 3½s issued, thus reducing fixed charges $815,325 per annum, or over 1½ per cent on the capital stock.

In Feb., 1898, a majority of the capital stock was purchased by the N. Y. C. & H. RR., which gave in exchange its 3½ p. c. bonds at the rate of $200 in bonds for $100 in stock, and offered to take the minority interest on the same terms. V. 66, p. 288. ORGANIZATION, &C.—This company was chartered March 2, 1850, and opened between Louisville and Nashville November, 1859. The liabilities for interest on the auxiliary roads are treated mostly as belonging directly to the Louisville & Nashville Co. A list of the securities owned and in sinking fund June 30, 1899, was in V. 69, p. 748, 753.

The stockholders on Oct. 4, 1899, ratified the new lease of the Nashville & Decatur, the assumption of the entire lease of the Georgia RR.; Atlantic Coast Line has half interest as sub lessee (V. 69, p. 591, 748), the sale of its Pensacola & Selma RR. in Alabama to the Southern Alabama RR. and the purchase of the latter.—V. 69, p. 541.

In April, 1900, the L. & N. offered to purchase on or before July 2, 1900, the minority stock of the Nash. Chat. & St. Louis, giving in exchange one share of L. & N. stock for two shares of that of the N. C. & St. L. V. 70, p. 740. On Apr. 10, 1900, purchased the Nashville Florence & Sheffield Ry. at judgment sale, subject to the first mortgage. V. 70, p. 792.

BONDS.—The *Evansv. Hender. & Nashv.* bonds are drawn at 110 by lot annually in October, for payment Dec. 1 in amounts increasing each five years until $150,000 per year is finally reached; in 1899, $40,000.

The *Pensacola Division* bonds are subject to a drawing sinking fund $5,000 till 1900, inclusive, then $10,000, and so increasing.

The *general mortgage* bonds of 1880 are subject to call at 110 in increasing amounts each year; $279,000 to be paid June 1, 1900.—V. 70, p. 584.

In June, 1890, the *"unified" mortgage* (trustee, Central Trust Company) for $75,000,000 was authorized, $41,917,660 bonds being reserved to retire all prior liens (none of the prior liens can be extended), the balance for improvements, extensions (at the rate of $32,000 per mile, including equipment), and for other purposes. The mortgage covers (besides 1,232 miles of road and its equipment) $25,992,535 stock of companies controlled, and $3,150,000 bonds free from any lien. See abstract of mortgage in V. 51, p. 613. Pensacola & Atlantic first mortgage bonds (assumed) are gradually being called for the sinking fund at 110; on June 30, 1899, $843,000 were held in the treasury, making total outstanding $1,910,000.

St. Louis terminal property bonds cover freight terminals.

The *collateral trust bonds* of 1898 (see below) are secured by deposit with the U. S. Trust Co., as mortgage trustee, of $14,000,000 L. & N. unified 4s and $4,000,000 L. & N. Paducah & Memphis division bonds, the latter covering the road from Paducah, Ky., to Memphis, Tenn., 254 miles. The loan is limited to $12,500,000, and is subject to call at par on and after April 1, 1903. (V. 66, p. 337; V. 68, p. 87.)

GUARANTIES.—Besides bonds in table, the Louisv. & Nashv. is responsible for $2,100,000 bonds and dividends on $2,305,582 stock of Nashville & Decatur; and for $2,096,000 Nashville Florence & Sheffield bonds.

GENERAL FINANCES.—In 1898 sold $12,500,000 collateral trust bonds, due in 20 years but subject to call on or after April 1, 1903, deferring sale of L. & N. 4s for better prices. V. 67, p. 742. This transaction reduced interest charges (includ. int. on floating debt) about $200,000 yearly. As a result of refunding there was on Dec. 31, 1898, no floating debt, a cash surplus of about $2,000,000 and stocks and bonds in treasury worth $9,000,000 to $10,000,000. (V. 66, p. 337, 574; V. 68, p. 85.) Since July 1, 1894, the "construction account" has been closed, and in the five years ending June 30, 1899, $2,621,230 had been charged to operating exp. for permanent improvements. In Feb., 1899, dividends resumed (Feb. 1½%). V. 68, p. 85. In Aug., 1899, 2 p. c. was paid. V. 69, p. 130. In Jan., 1900, 600,000 acres of land in Western Florida, acquired through Pensacola & Atlantic RR., were sold for $600,000. V. 70, p. 39.

On May 26, 1899, the Louisville & Nashville and Southern Ry. acquired the Birmingham So. RR. for $1,100,000. V. 68, p. 774, 1078.

See Chronicle, V. 66, p. 954, and V. 67, p. 789. As to personal property tax assessment, see V. 66, p. 954; V. 67, p. 222, and V. 68, p. 1282. perpetual lease. Control of the road was acquired by the N. Y. C & H. R. RR. Co. in April, 1898, as stated below.

CANADA SOUTHERN CONTRACT.—In Nov., 1882, a close contract was made with Can. So. for the operation of its road. The contract provided for a re-apportionment every five years and in the re-apportionment December, 1892, it was agreed that the Canada Southern should thereafter receive 40 per cent and the Michigan Central 60 per cent of the first $1,000,000 of net earnings, any amount over that to be divided as theretofore—one-third to C. S. and two-thirds to M. C.; but under the original contract each company is accorded all benefit from reduction in its fixed charges. The M. C. to Jan. 1, 1899, had reduced its charges $328,575; this sum is therefore credited to it before the division.

CAPITAL STOCK.—The stock has remained at same amount since 1895.

BONDS.—The *Jackson Lansing & Saginaw bonds* were assumed by Michigan Central, which also guarantees in perpetuity 3½ per cent on the stock. The *Bay City & Battle Creek* mortgage is for $1,800,000, but amount outstanding is limited to $15,000 per mile. The total issue of *Battle Creek & Sturgis* bonds is $500,000, but of this $79,000 was sub-guaranteed by the Lake Shore & Michigan Southern, 7 miles of the B. C. & S. being operated by that company The Bay City & Battle Creek and the Battle Creek & Sturgis issues both carry the guaranty of the Michigan Central endorsed on the bonds.

OPERATIONS, FINANCES, &C.—The road is operated under a close contract with Canada Southern, and the earnings of both roads are included in the statistics below. As to division of profits between the companies, see explanation V. 64, p. 5. All betterments and improvements to the road have been charged to operating expenses, except $70,000 set aside out of net revenue of 1898 as a special fund for construction of second track between Ypsilanti and Dexter.

In 1898 purchase was arranged of the capital stock by the N. Y. C. & H. R. RR. Co., which gave in exchange its 3½ per cent 100-year gold bonds at the rate of $115 in bonds for $100 in stock. V. 66, p. 759. In Dec. 1899, $16,189,600 of the $18,738,000 stock had been acquired by the N. Y. C. & H. R. RR. V. 66, p. 1238.

History, &c.—Control of the Lake Shore and Michigan Central roads was acquired in 1898, as stated below. In 1898-9 their earnings were reported separately, but the $3,810,874 dividends on their shares held by the Central caused the large increase in the item "other income," offset by a like amount of interest on the collateral bonds issued for their purchase. V. 69, p. 495.

In Jan., 1900, it was announced that control of the Lake Erie & Western had been acquired on behalf of the Lake Shore & Mich. So., and that the Vanderbilt interest in the Cleve. Cin. Chic. and St. Louis had been increased to an absolute majority; an understanding also was reported between the Vanderbilt and the Pennsylvania interests, by which the latter became jointly interested in the stock of the Ches. & Ohio Ry.—V. 70, p. 76, 125.

The Boston & Albany RR. will be leased for 99 years from July, 1900, at a guaranteed rental of 8 per cent per annum on the $25,000,000 B. & A. stock in quarterly instalments, adding 389 miles and a through line to Boston to the Central system [unless Mass. Legislature interferes] V. 69, p. 78, 492, 695; see also V. 69, p. 178, 228, 333, 694.

Stock.—Dividends on stock registered in London are payable in gold at 49½d. to dollar. The $15,000,000 additional stock, issued April 2, 1900, for new rolling stock, increased the outstanding issue to $115,000,000.—V. 69, p. 906, 1103, 1248; V. 70, p. 532.

Dividend rate increased from 4 to 5 p. c. per annum in Jan., 1900.—V. 69, p. 1301.

Bonds.—Description of debentures was on page 3 of Supplement of April, 1895. They are all secured by the refunding mortgage of 1897 equally with the 3½s. *Ref. mortgage* is for $100,000,000, of which $70,377,333 reserved to retire all existing bonds at or before maturity and $14,622,667 for premiums; the remainder ($15,000,000) is reserved for new construction after 1903. In 1899 3½s of 1897 had been issued to retire $26,893,912 of old bonds.

Collateral trust 3½s of 1898 are secured respectively by deposit in trust with the Guaranty Trust Co., mortgage trustee, of stock of the Lake Shore & Michigan Southern and Michigan Central RRs. at the rate of $100 of L. S. & M. S. stock for each $200 of bonds and $100 of Mich. Cent. stock for each $115 of bonds outstanding. The total authorized issues of 3½s are $100,000,000 for Lake Shore and $21,550,000 for Michigan Central. The loans are secured by separate deeds of trust. See V. 66, p. 288, 336, 760, 811.

The N. Y. Cent. will issue in 1900 $5,500,000 in its 100-year 3½ per cent debentures for certain property not included in the Boston & Albany lease. See V. 69, p. 1102.

Guaranties.—The company guarantees the securities of its leased lines to a considerable aggregate—see separate statement for each company marked with a ¶ in the table of mileage preceding. It also guarantees Western Transit Co. 4½s for $1,000,000 due February, 1903.

General Finances.—The refunding of the $70,377,000 of old high-interest-bearing bonds into the 3½s of 1897 during the years 1898 to 1905 will effect a saving of $1,200,000 per annum in interest charges; to June 30, 1899, about $27,000,000 old bonds had thus been retired; saving in charges by refunding in 1898-9, $437,342.—V. 69, p. 495.

In Dec., 1899, the company had acquired $45,284,600 of the capital stock of the Lake Shore road in exchange for 3½ p.c. bonds (see above), leaving $4,181,900 afloat, including $533,500 guaranteed 10 per cent dividends (see V. 66, p. 288, 336, 1238), and also $16,189,600 of Mich. Central stock, leaving $2,548,400 still outstanding.

On April 2, 1900, $15,000,000 stock, sold to stockholders at par, was issued for new equipment. V. 69, p. 906, 1103, 1248. On July 1, 1900, Boston & Albany RR. (which see) is to be taken over under lease.

Average train load for entire system, including company's freight, was 346 tons in 1898-9, against 320 tons in 1897-8.

Earnings.—For 3 mos. ending Mar. 31, 1900, gross, $12,601,282, against $11,267,592 in 1889. For 6 mos. ending Dec. 31 (partly estimated in 1899):

6 *mos.*	*Gross.*	*Net.*	*Other inc.*	*Charges.*	*Bal. for div.*
1899....	$28,385,800	$11,404,300	$2,187,700	$8,526,000	$5,067,000
1898....	24,405,148	9,217,065	2,184,534	8,259,636	3,141,963

Dividends in 1899 (2¼ p. c.) call for $2,250,000; in 1898 (2 p. c.), $2,000,000.

Annual Report.—Fiscal year ends June 30. Report for 1898-99 was given at length in V. 69, p. 488, 495. See also editorial p. 469.

equipment, certified to have cost over $11,000,000, covered by the Car Trusts and equipment bonds to be taken up under the plan. The Prior Lien bonds if issued will be retired at 105 by sale whenever possible of first consols at or above 95. Undisturbed bonds which cannot be taken up at maturity on satisfactory terms by use of the consols reserved for that purpose may be extended or renewed. See **abstract** in V. 64, p. 376. As to *Scioto Valley & New Eng.* see SUP. of Jan., '94.

GENERAL FINANCES.—The reorganization reduced the fixed charges from $3,214,037 to $2,263,194, a reduction of $950,843; liquidated floating debt and took up car trusts except those of 1892 and 1893. The annual charges ahead of the new common stock are smaller than those ahead of the old preferred stock. Of the company's traffic in 1898-9 59 per cent (5,258,802 tons) was bituminous coal and coke.

In March, 1899, $5,000,000 1st consol. 4s were sold, of which $1,500,000 to be used for betterments, double-tracking and additional rolling stock, remainder to retire underlying bonds maturing to July 1, 1900. V. 68, p. 619; V. 70, p. 176.

Total system July, 1899 (2d track 446 miles), 1,456·5. The Wilmington & Northern, 88 miles, has been leased for 999 years from Feb. 1, 1900, practically all its stock having been acquired. V. 67, p. 843, 1218; V. 70, p. 126. (¶ See this company.)

ORGANIZATION.—The Philadelphia & Reading RR. (chartered April 4, 1833) and the P. & R. Coal & Iron Co. were sold in foreclosure Sept. 23, 1896, and reorganized per **plan** in V. 61, p. 1109.

In the reorganization the 41 millions of old stock and the 56¾ millions of old preference income bonds were assessed 20 per cent, the stock then receiving 100 per cent in new common and the preference incomes, common and preferred stock in certain proportions.

The "Reading Co." in the reorganization of 1896 acquired the security holdings, real estate, equipment, etc., of the old Phila. & Reading RR. Co.; also $20,000,000 stock and $20,000,000 bonds of the Phila. & Reading Ry. and the $8,000,000 stock of the Coal & Iron Co., and against all this property issues its own securities. See V. 64, p. 709.

The property of the Reading Company, as distinguished from the property of the Phila. & Reading Ry. Co. (which owns the railroad but no equipment), and of the Coal & Iron Co., consists of the following:

Railway equip. leased to Ry. Co. for 8 p. c. yearly.....	$18,110,041
Real estate not appurt. to RR. (ann. revenue ab't $175,000).	16,442,309
Colliers and barges leased to Ry. Co. for $115,000 yearly...	1,450,000
Phila. & Reading Ry. stock $20,000,000 and bonds, $20,000,000 par (annual int. to Reading Co., $1,200,000)....	40,000,000
Phila. & Read. Coal & Iron and Reading Iron stock at par.	9,000,000

Claims against other companies, etc.....	4,439,817
Total July 1, 1899. (See V. 69, p. 801).....	$207,888,664

VOTING TRUST, ETC.—All classes of stock of the new company are to be held by voting trustees (J. Pierpont Morgan, Frederic P. Olcott and Henry N. Paul) for five years, and thereafter until 4 per cent cash dividend per annum shall be paid on the first preferred stock for two consecutive years, though the trustees may in their discretion surrender the stock at an earlier date. As to stock privileges see V. 64, p. 709. See copy of **voting trust agreement** V. 64, p. 955, and also SUPPLEMENT of April, 1897, page 5.

DIVIDENDS.—First semi-annual dividend on preferred 1½ p. c., paid March 8, 1900.—V. 70, p. 280.

BONDS.—The *New General Mortgage* 4s (**abstract** V. 64, p. 612) are secured by mortgage and pledge of all properties and securities embraced in the reorganization, and also all other property acquired thereafter by use of the new bonds. They will have a sinking fund out of the revenues from the Coal & Iron Company, but are not subject to compulsory redemption prior to maturity. The new mortgage is also, subject only to the bonds for which reservation is made, based upon properties or securities of all the lines of railroad owned, including the Philadelphia & Reading Railway Company proper, 391 miles; various leasehold lines, 597 miles; all the property of the Coal & Iron Company, or the securities thereof, representing nearly 200,000 acres of coal and timber land; equipment valued at about $12,000,000, and also the marine equipment.

Furthermore, it has a first lien upon a majority of the capital stock of various companies in the system owning 448 miles of railroad, of which 195 miles are leasehold lines included in the 597 miles above stated, and also on bonds of roads in the system (other than the P. & R. Ry. Co.) amounting to $34,265,936 par value. The securities are said to have earned in 1894-95 an income of $585,000, of which $448,000 was received as dividends—list in V. 64, p. 613.

The new mortgage is for $135,000,000, issuable only as follows:

To take up undisturbed bonds of the Reading RR. and Coal & Iron Co.....	$64,631,000
For future construction, equipment, etc., at not over $1,500,000 per annum under stringent provisions.....	20,000,000
Issued at once for reorganization purposes	50,369,000

Improvement mortgage 6 p. c. bonds of 1873 due Oct. 1, 1897, were extended at 4 p. c. for 50 years from April 1, 1897, payable in U. S. gold and guaranteed p. & i. by the Reading Co. V. 64, p. 470; V. 65, p. 516. The *consol* 5s of 1882 for $5,673,042 were also extended at 4 p. c. till Mar. 1, 1937, the Reading Co. and Coal & Iron Co. becoming responsible. See V. 65, p. 870, for contract. V. 65, p. 152, 870.

The *terminal mortgage bonds* are Reading RR. bonds, and are secured by a mortgage upon all the property of the Terminal Co. and by a traffic contract between Reading and the Terminal Co. The trustee is the Provident Life & Trust Co. of Phila. Amount authorized, $8,500,000. See description in V. 64, p. 85 and guaranty V. 60, p. 732.

For *ten-year sinking fund loan* see January, 1895, SUPPLEMENT.

The *coal trust certificates* under agreement of May, 1895, are not redeemable until April, 1904—see V. 63, p. 838 and Jan., 1895, SUPP.

As to *Philadelphia Subway Loan* the receivers were authorized in June, 1894, to pay interest (and principal at maturity) of not exceeding $3,000,000 out of a total issue of $6,000,000 of 3 to 3½ p. c. bonds of City of Philadelphia, to abolish grade crossings. Principal is payable after ten years from date of loan in 20 annual instalments. See V. 58, p. 1110; V. 62, p. 950; V. 63, p. 881.

As to the outstanding old bonds (see V. 64, p. 619), the Reading Company and the Coal & Iron Co. covenant to pay their interest when due and to pay or extend their principal at maturity.

The $3,600,000 car trusts of 1899 cover 2,500 wooden coal cars, 1,000 gondola cars, 30 passenger coaches, 30 locomotives, 500 box freight cars and 200 refrigerator cars, the semi-annual payments being met from the renewal fund.—V. 69, p. 1346.

COAL PROPERTIES.—These aggregate about 194,000 acres, as follows:

Coal lands owned (acres)....	95,144	Timber lands owned (acres)	70,489
Coal lands leased (acres)....	7,429	Iron ore lands (acres).....	21,000

GENERAL FINANCES.—Application to N. Y. Stock Exchange to list general mortgage bonds was given in full in V. 64, p. 709.

In Jan., 1899, listed $1,952,000 additional gen. 4s, of which $452,000 to redeem old bonds and $1,500,000 for improvements—V. 68, p. 188. The first semi-annual dividend on the first preferred was paid Mar. 8, 1900.—V. 70, p. 280.

LATEST EARNINGS.—From July 1 to Feb. 28 (8 months) results were as follows on basis of present charges in both years:

ORGANIZATION—Organized June 30, 1896, to succeed to the property and franchises of the *Railway* company sold in foreclosure and reorper **plan** in V. 62, p. 829 and 1140—see also p. 742. Central Division of Atl. & Pac., 112 miles, was purchased in July, 1897.—V. 65 p. 150.

The Kansas City Suburban Belt terminal affords an entrance into Kansas City. The St. Louis & Oklahoma City Ry. Co., Sapulpa, Ind. Ter., to Oklahoma City, 103 miles, was purchased in 1899, formal possession being taken on March 28.—V. 68, p. 332, 674.

In Feb., 1900, it had been arranged to build the St. Louis Oklahoma & Southern Ry. as an extension from Sapulpo, Ind. Ter., to Sherman and Denison, Tex., 200 miles, the entire stock to be owned by the St. L. & S. F. and its 4 per cent bonds to be guaranteed. V. 70, p. 231.

In Mar., 1900, the purchase of the Kansas City Osceola & Southern Ry., Kansas City to Bolivar, Mo., 147 miles, was authorized, the St. L. & S. F. to issue $3,300,000 divisional mortgage bonds, of which $300,000 will be reserved for future requirements. Of the $3,000,000 bonds, $2,324,000 will eventually be 4 per cents and $976,000 3 per cents, but for the first four years interest will be scaled. About $300,000 will be reserved for improvements. V. 70, p. 532.

In Apr., 1900, arrangements had been made with the Kansas Midland bondholders' committee to purchase the road for $1,100,000 Kansas Midland Division 1st mortgage 4 per cent bonds and $965,000 common stock, $200,000 of the bonds to be reserved for improvements on the division. V. 70, p. 740.

STOCK AND VOTING TRUST.—As protection to the new mortgage bonds, all classes of stock (except shares to qualify directors) are vested in the following voting trustees: John A. Stewart, Louis Fitzgerald, J. Kennedy Tod, Isaac N. Seligman, Benjamin P. Cheney, Samuel C. Eastman and James A. Blair, to be held by them and their successors jointly for five years, and for such further period (if any) as shall elapse before the first preferred stock shall have received a 4 per cent cash dividend for two consecutive years, although the voting trustees may, in their discretion, deliver the stock at any earlier date, but not in any event prior to Jan. 1, 1902, save with the consent of the holders of at least two-thirds in amount of the beneficial interest certificates of each class. Voting trust is dated July 1, 1896,

The new company reserves the right at any time to redeem either or both classes of its preferred stock at par in cash. Provisions of the voting trust and preferred stock certificates were given in SUPPLEMENT of April, 1897, page 6.

ORGANIZATION.—Organized under laws of Kentucky, and known as the "Huntington" lines, Mr. C. P. Huntington being President. Under plan for readjustment of Central Pacific securities, the Southern Pacific in 1899 acquired the entire capital stock of the Central Pacific. See that company's statement; also see below.

In Jan., 1900, Southern Pacific interests acquired control of the Galveston Houston & Northern, Houston to Galveston, 56 miles. In Feb., 1900, substantially all the stock and bonds of the Carson & Colorado were acquired and the road will be broad-gauged and eventually extended as a link in a new line made from Los Angeles, in Southern California, easterly towards Salt Lake, Utah. In Feb., 1900, practically all the stock of the Houston East & West Texas Ry. and Houston & Shreveport RR. were acquired.—V. 70, p. 176, 381, 687.

PROPRIETARY LINES.—These, with a total mortgage indebtedness June 30, '99, of $141,837,218, are mostly owned—only $7,464,283 out of their total stock of $185,772,072 not being held on July 1, 1898, by the Southern Pacific Co. "OMNIBUS LEASE," see SUP'T of Jan., 1899.

STOCK, ETC.—Total stock authorized, $200,000,000, including $67,274,200 exchanged in 1899 for Central Pacific stock—see Central Pacific and V. 68, p. 378, 725; V. 69, p. 132; V. 70, p. 740.

In Nov., 1899, the syndicate headed by Speyer & Co. arranged to acquire the holdings of the Crocker and Stanford estates, aggregating alone $56,00,000, which, together with other stock controlled by the syndicate and those friendly to it, including C. P. Huntington, represents a controlling interest. See directors below.—V. 69, p. 1063.

BONDS.—The fifty-year 4 per cent collateral trust gold bonds authorized by the Southern Pacific Co. in 1899, in connection with its acquisition of the stock of the Central Pacific, are for the total authorized amount of $36,819,000, and are subject to call at par on six months' notice. The first issue of $28,818,500, secured by the $67,274,200 common and $12,000,000 preferred stock of the Central Pacific, was issuable forthwith. The remaining $8,000,000 can be issued from time to time only as an equal amount of Central Pacific preferred is received and added to the collateral, $5,000,000 of this stock being reserved for improvements and additions on the Cent. Pac. at not exceeding $200,000 yearly—see Cent. Pac. and V. 68, p. 378. See Mortgage Abstract, V. 69, p. 859.

The new first refunding 4s and 30-year gold 3½s issued by the Central Pacific are unconditionally guaranteed, principal and interest.

GENERAL FINANCES.—The interest on funded debt for 1899-1900 will not be materially increased over that of 1898-9 by the C. P. readjustment. Interest charge in 1898-9 was $12,888,337; estimated charge for 1899-1900, after deducting $709,070 income on securities in Cent. Pac. sinking funds, primarily applicable to payment on Cent. Pac. 3½ per cent bonds, $13,347,820. Against the last-named amount the So. Pacific Co. will be entitled to any dividends on $12,000,000 Central Pacific 4 p. c. preferred and $67,275,500 common stock.—V. 70, p. 83.

C., to Savannah, Ga., about 160 miles, of which the Carolina Midland, Perry to Allendale, 52 miles, forms a part, the Co. building from Columbia to Perry, 28 miles, and using Atlantic Coast line and Plant system trackage from Allendale to Savannah. V. 69, p. 1248. In Oct., 1899, extension from Burgin to Jellico, Ky., 115 miles, and other extensions were proposed, including one from Chattanooga, Tenn., to Stevenson, Ala., about 38 miles, under the charter of the Memphis-Chattanooga RR., for which $3,000,000 bonds were reserved under Mem. & Charlestonfirst mortgage. V. 69, p, 956. In Apr., 1900, the Southern proposed to acquire the Louisville Evansville & St. Louis Consolidated RR. after reorganization. V. 70, p. 792.

ORGANIZATION, ETC.—A reorganization in 1894 of the old Richmond & West Pt. Ter. Railway & Warehouse system. The reorganization **plan** presented in May, 1893, was given in full in V. 56, p. 858, 874, and certain changes thereof in pp. 1016, 1058, and V. 57, p. 61. The modified plan of Feb. 20, 1894, was given in full in V. 58, p. 363, 385.

As to Cincinnati New Orleans & Texas Pacific, see V. 65, p. 1173. On July 1, 1898, absorbed Memphis & Charleston.—V. 66, p. 39, 185.

STOCK.—Authorized $120,000,000 *common* and $60,000,000 *five per cent non-cumulative preferred stock.* No additional mortgage can be put upon the property, nor can the amount of the preferred stock be increased without the consent of holders of a majority of the preferred. The preferred stock is redeemable in cash at par. In Jan., 1900, reduction of the stock was authorized by the Virginia Legislature, on majority vote, whenever deemed desirable. V. 70, p. 177.

Both classes of stock of the new company (except sufficient to qualify directors) are deposited with three stock trustees. The stock shall be held by the stock trustees and their successors, jointly till July 1, 1899, and for such further period (if any) as shall elapse before the preferred stock shall have paid five per cent cash dividend in one year, although the stock trustees may, in their discretion, deliver the stock at an earlier date. Certificates of beneficial interest, entitling the holder to dividends, are issued in lieu of the stock so deposited. Stock trustees, J. Pierpont Morgan, Charles Lanier and George F. Baker. ASSESSMENT VALUATIONS IN RELATION TO DEBT LIMITS.

It is now a pretty general custom to limit the indebtedness of counties and municipalities, the limit being usually fixed either by the Constitution or by legislative enactment at a certain percentage of the assessed value of the property. The provision of course is a wise one, being a protection against excessive debt issues, which foster extravagance and often entail burdens beyond the ability of the tax-payers to bear. In such a contingency credit becomes impaired, making future borrowings correspondingly more costly; or maybe a readjustment of the debt is found necessary and the municipality is obliged to scale or reduce the principal of its obligations or to ask some other indulgence of its creditors, with the effect of bringing borrowing to an end for a term of years, even where needful improvements would justify the step. Of all forms of limitation, an indebtedness proportioned to property valuation seems best adapted to the purpose. Under it no rigid limit is set to the amount of the debt, which may be increased as the valuation expands. The basis is a fair one, too, for an expansion of property values implies (other things being the same) growth in wealth and in population, and hence in the ability to make larger contributions to the public treasury. Moreover, with the growth in the municipality's population there follows a corresponding growth in the needs for improvements in various directions. The plan possesses an element of flexibility, just as circumstances require, and allows an adjustment of the debt to the needs of the situation.

It is obvious, however, that in practical operation much depends upon the way the rule is applied. The methods of assessing values may vary widely, and they may be suddenly changed. Out of this, curious complications arise from time to time. Manifestly it makes a great deal of difference whether property is assessed for taxation at one half, one third or one quarter its value, or at its assumed full value. It will be readily seen, too, that there is wide room for the play of official or legislative discretion and design —that by departures in the basis of assessment the debt may be contracted or expanded as the case may be, even where there is a fixed percentage debt limit. In two Western States considerations arising out of such departures are at present engaging the attention of the people. We shall advert to them at length further below, for they present features which, though only of local bearing and application, are not without some degree of general interest.

In the past, questions as to the precise meaning to be given to the word debt have also at times arisen; but these questions have now become pretty well settled—legislative enactment or judicial construction aiding to that end—so that the meaning of the term is considered quite clearly defined. Doubt used to exist whether where the simple word debt or indebtedness was used it meant gross debt or net debt, the latter being the amount remaining after the deduction of sinking funds. That very point was raised, the reader will perhaps remember, in the case of the debt of this city, but in May 1886 the Court of Appeals decided, at the end of a litigation begun in July 1885, that the sinking fund was not a part of the city debt within the meaning of the provision of the Constitution limiting the creation of debt to 10 per cent of the assessed valuation of real estate—that is, that the sinking fund (which in the case of this city has always been large) was to be deducted in calculating the amount of the debt. More recently a similar question was raised with reference to the debt-creating power of Philadelphia, with the same result. That is to say, by a decision of the Supreme Court of Pennsylvania, filed May 31 1894, it is held that within the meaning of the word "Debt" in Section VIII., Article IX., of the Constitution of Pennsylvania, the real debt of the city is the authorized debt less the amount of the city certificates purchased and uncanceled in the sinking fund.

In several of the S ates, to leave no room for misunderstanding, a definition of the word "debt" is furnished in the statutes or the Constitution. In Massachusetts there is no constitutional provision restricting the incurring of debt, but there is a statutory limit, and in the law with regard to the same there is

a clause which explains how the debt is to be computed. The water debt is of course distinctly excluded (as in nearly every other case), and in addition it is provided that in determining whether the limitation fixed by the statute has been reached the sinking funds shall also be deducted from the total of the debt. In New Hampshire, likewise, the restriction as to amount of indebtedness is imposed by statute and not by the Constitution. The provisions are contained in what is called the Municipal Bond Act of 1895. These prohibit an increase in the *net* debt of any municipal corporation to an amount exceeding 5 per cent of the value of the taxable property therein. To ascertain the net debt all debts, it is stated, must be included except water debt, and the following deductions are permitted: "Cash and other means" in treasury and sinking funds applicable to the payment of the debt included. In the same State there is also a reference to the matter in the laws prescribing the investments of savings banks. The purpose in this last case is to define the meaning of "net indebtedness" as applied to municipalities of other States in whose obligations the savings institutions of New Hampshire are allowed to invest their funds. The provision bearing on the subject declares that the term "net indebtedness" shall be construed to denote the indebtedness of any city or town, omitting debt created for supplying the inhabitants with water and deducting the amount of sinking funds available for the payment of municipal indebtedness.

We will refer to only one other instance, namely the State of Maine. Here also the definition is found in the savings bank investment laws. In the case of counties the term net municipal indebtedness, it is declared, must be construed to include all bonds which are a direct obligation of the county, less the amount of any sinking fund available in the reduction of such debt. In the case of cities and districts it is to be construed to include not only all bonds which are a direct obligation, but also all bonds of the districts or boards within the same, exclusive of any such debt created for a water supply and of the amount of any sinking fund available in the reduction of such debt.

These illustrations make it clear that usage and judicial interpretations have established pretty definitely what constitutes debt within the meaning of statutory or constitutional limitations. On the other hand, as already indicated, questions keep arising as to the tax valuations, owing to differences in the methods of computing the assessments in determining such valuations. We have stated above that matters of this kind were engaging attention in two of the Western States. One of these States is Illinois, the other Iowa. The Illinois case is much the more important and prominent. There a decidedly interesting situation has developed out of a new assessment law placed on the statute books a short time ago, and which in its application to the city of Chicago is producing some curious complications.

The power of Illinois municipalities to create debt is plainly prescribed by the Constitution. The instrument now in force in that State is that of 1870. By Article 9, Section 12, of that Constitution it is provided that, "No county, city, township, school district or other municipal corporation shall be allowed to become indebted in any manner or for any purpose, to an amount, including existing indebtedness, in the aggregate exceeding five per centum on the value of the taxable property therein, to be ascertained by the last assessment for State and County taxes, previous to the incurring of such indebtedness." These provisions apply of course to Chicago the same as to other municipalities in the State. As the Constitution has been in force thirty years, it may no doubt be thought there has been time enough to establish its meaning. The difficulty and doubt which have now arisen are owing to the enactment of a law providing a new method for assessing property.

In Chicago valuations in the past have been on a notoriously low basis, many pieces of property being assessed at not more than 10 to 15 per cent of their actual worth. In February 1898 the Illinois Legislature passed what is known as the Revenue Law of 1898. This law provides for a Board of Assessors and a Board of Review in counties containing 125,000 or more inhabitants. It declares that the property assessed shall be valued at its fair cash value, estimated at the price it would bring at a fair voluntary sale in the due course of trade, which value was to be set down in a column to be headed *full value*, and one-fifth part thereof to be set down in another column which should be headed *assessed value*, and this one-fifth value of all property so ascertained and set down should be the assessed value for all purposes of taxation, limitation of taxation, and limitation of indebtedness prescribed in the Constitution or any statute. In stating the substance of this Revenue Law, we have used substantially the words employed by the Chicago City Comptroller, Mr. William D. Kerfoot, in his report under date of March 31 1900.

There was an increase in the assessed value of the property of Chicago as the result of this law, but not to the extent expected. The city's financial needs have long been urgent, and apart from that the fact that every large and growing city wishes to carry forward various improvements from year to year has made the city officials desirous of putting out additional bonds if it could legally be done. The new law unfortunately did not furnish the relief counted upon. In fact, if it had been allowed to stand in its entirety, the effect would have been just the other way. There was one section (Section 49) in it which made the limit of indebtedness for cities in the class to which Chicago would belong only 2½ per cent of the assessed value of the property. This section was on Jan. 12 1900, for a special reason, declared unconstitutional, the Court, however, allowing the rest of the Act to stand. As a result, the debt limit remains as it was before—that is the 5 per cent fixed by the State Constitution. The question now at issue is whether the 5 per cent is to be calculated on the basis of the *full* value of the property arrived at under the new law, or at the *assessed* value which, as we have seen, is only one-fifth the full value. The reading of the law would seem to favor the latter construction. The *assessed* value is only $345,196,419. The *full* value, allowing for certain deductions made, would be $1,786,110,125. If the computation is on the basis of assessed values, then the city has reached the debt limit and can create no further indebtedness. On the other hand if the computation is to be on the basis of the *full* value, then the city can issue bonds up to the amount of nearly $70,000,000, and would hence have a large debt margin for many years to come.

The matter is plainly one of great importance to the city. A test case, to obtain a legal determination of the question, is to be made of the $2,500,000 issue of bonds sold April 4, and a decision will be awaited

with much interest. The wisdom or expediency of permitting the creation of a debt up to 70 million dollars is not now under discussion. We may note, however, that Comptroller Kerfoot urges that in the event of an adverse construction, steps should be taken at the earliest moment to secure whatever action, by constitutional amendment or otherwise, may be necessary to enable the city to increase the debt to $70,000,000.

The case of Iowa is just the reverse of this. There the taxable value has been enlarged, and it is now proposed to reduce the debt limit to correspond with the change. The Constitution of Iowa prescribes 5 per cent as the limit of indebtedness, the taxable value of the property to be ascertained by the last State and County tax list previous to the incurring of the debt. The revenue laws of the State were revised in 1898, and under this revision it was provided that property must be listed at its actual cash value, 25 per cent of this to be taxation basis. It is claimed that as compared with the methods in vogue under the old revenue laws this means an increase of four or five fold in the taxable basis. Steps have accordingly been taken to contract the debt limit to conform to this change, a bill having passed the Legislature and been approved by the Governor providing that in the future the aggregate of municipal indebtedness shall not exceed 1¼ per cent of the actual value of property in cities or towns as returned by the last tax list.

STREET RAILWAY BONDS AS INVESTMENTS FOR SAVINGS BANKS.

The enlargement of the scope of the investment field of the savings banks is no longer seriously objected to by any one. Time was when suggestions of allowing these institutions to go outside of real estate mortgages and public funds (*i. e.*, Government bonds and State, city, county and town bonds, etc.,) for the employment of their moneys did not meet with much favor. The opposition came chiefly from municipal authorities who feared that as a result of opening the door wider, the banks would go so largely into the other and newer line of permissible investments that the demand for municipal securities would be curtailed, with the effect of obliging municipalities to pay a higher interest rate on their borrowings.

Originally the objections took a still narrower form, attempts having sometimes been made in the past to circumscribe the banks even in their choice of public funds, so as to oblige them to confine themselves mainly or exclusively to the issues of their own State. The motive in this case was the same as in the other, it being considered that such a policy was essential in the interests of municipal borrowing. But as municipal credit has steadily improved and the demand for obligations of that class has grown more rather than less active, notwithstanding the banks have been given authority to buy railroad and other new classes of securities, fears on that ground have disappeared.

The truth is, savings banks deposits are growing so fast that the addition of new lines of investment has been an absolute necessity. During the calendar year 1899 the deposits of the savings institutions of New York State increased $71,336,283, while in the fiscal year 1899 (ending Oct. 31) those of Massachusets increased $29,559,125 ; at the same time the deposits of the banks in New Jersey in the latest year were added to in amount of $5,860,824, those of Pennsylvania $10,533,342, those of Maine $3,156,829, those of New Hampshire $2,570,148, those of Vermont $2,455,023, those of Rhode Island $2,597,559, and those of Connecticut $10,652,696. Here is a total addition in one year in New England, New York, Pennsylvania and New Jersey of $138,721,834, and the aggregate of the deposits of those States now amounts to nearly two thousand million dollars—$1,959,647,640. On the other hand, the total of State, city, county and town bonds of all kinds issued during the calendar year 1899, according to the records kept by us, including the States whose bonds are not permissible investments, and also including bonds issued to refund existing obligations, was no more than $118,113,005. And the exhibit for 1899 is simply a repetition of the experience of other years.

Impelled by the necessity here indicated, the three most important States (from a savings bank standpoint), namely New York, Massachusetts and Connecticut, holding together an aggregate of $1,579,817,893 deposits, last year as outlined in these columns at the time, greatly extended the authority of the institutions to make investments in railroad securities. As a matter of fact, however, the process has been going on steadily for years. New York State, with the largest deposits of any State, clung most tenaciously to old traditions. Long after most of the other States had added new classes of investments to the savings bank list, New York still hung back. Prior to 1898 the institutions in this State could not buy railroad bonds of any kind. In the year mentioned authority was first given to invest in such bonds under closely-guarded restrictions. The enactment of that year, though, simply gave permission to invest in the first mortgage bonds of railroads the principal part of whose road is located within the State. The door having been opened, it was natural to go a step further, and in 1899 another enactment was passed, under which the institutions of this State are given a pretty extensive list of railroad bonds to choose from. At this year's session of our Legislature a slight further change was made in the law, consisting simply in the addition of the Chicago & Alton RR. to the list.

The purpose of this article is to discuss the practice with reference to including or excluding street railway bonds among the permissible investments. Timeliness is given to a discussion of the subject by a variety of circumstances. A short time ago a bill was introduced in the Massachusetts Legislature intended to extend the authority of the savings institutions of that commonwealth in making investments so as to include the first mortgage bonds of street railway companies in that State. Under existing statutes the banks in Massachusetts are prohibited from buying street railway securities—at least in the section of the law which confers the right to buy railroad bonds and notes, it is distinctly provided that street railway companies shall not be considered railroad companies within the meaning of the section. The bill which the Legislature was asked to enact read as follows:

SECTION 1. Savings banks are hereby authorized to invest their funds in first mortgage bonds of street railway companies incorporated under the laws of this State whose roads are located wholly or in part therein, and which have earned and paid a dividend of not less than three per centum per annum for two years next preceding such investment.

It is enough to say with reference to this proposed bill, that it failed of passage. As was recorded in the State and City Department of the CHRONICLE of March 31, the measure was, on the recommendation of the

Committee on Banks and Banking, rejected in both branches of the Legislature.

The action in this case makes it interesting to see what is the line of policy of other States with reference to street railway investments. Generally speaking, there are not many States that sanction such investments. If we take the States up in order, beginning with Maine, we shall find that that commonwealth *does* allow the savings institutions to hold street railway bonds, but that the power there is hardly enough restricted, hence inviting risk of loss where bank officers availing of the wide latitude allowed by the law fail to exercise sufficient vigilance and care in making selections of street railway investments. The weak point in the statute was brought to our notice about eight or nine months ago; and, rather singularly, demonstration of the defect came in the case of a street railway of Massachusetts, the very State which has now refused to allow its own institutions to invest in street railway issues of any kind. Some time last summer one of the smaller houses in Boston offered for sale an issue of bonds of a little electric railway in Massachusetts. There was nothing out of the ordinary in this offering except that at the bottom of the circular the announcement was made that the bonds were a legal investment for Maine savings banks. The statement seemed rather a surprising one, as the road was not alone of decidedly minor importance (it being less than twenty miles in length), but it had only just been opened for business, so there had been no demonstration of its earning capacity. Yet study of the Maine statutes makes it conceivable that the statement may have been correct. The Maine law declares (after enumerating the States in which railroads investments are permitted) that "no bonds of street railroads shall be purchased unless an amount of capital stock equal to thirty-three and one-third per cent of the mortgage debt shall have been paid in in cash and expendedupon the road, evidenced by a certificate of the Railroad Commissioners of the State where the road is located, filed in the office of the Secretary of State of Maine, that said percentage has been so paid in and expended in addition to the amount of the bonded debt." As the circular above mentioned declared that the Massachusetts Board of Railroad Commissioners had placed the total cost of the road in question, completed, at over $400,000, while the full authorized issue of bonds was to be only $200,000, it is easy to see that the requirement of the Maine law might have been fully complied with. Yet the road referred to in less than six months from the time the bonds were offered for sale went into the hands of a receiver. We make reference to the matter simply as disclosing an unguarded point of the law which might possibly lead to ill-advised investments; we can not discover that any savings institution was induced to buy the bonds of the road referred to.

At first sight such a proviso as that contained in the Maine statute would seem ample to safeguard the investment. The experience in this instance shows that there are cases where it is not. The considerations affecting investments in street railway bonds are in many respects quite different from those governing investments in steam roads. The only true test would appear to be earnings and dividends, a test also prescribed in most recent State legislation for steam roads. It is possible that as regards street railways even this test might not suffice when applied to the past, owing to the process of amalgamation and consolidation which has been going on in the street railway world, changing completely the character of many of the undertakings. It is likely that these consolidations, in providing large issues of bonds covering extensive systems, of stable and assured earning capacity, can ultimately be utilized to the advantage of the banks, but time will be needed to demonstrate that such combinations have been established on a basis safe beyond peradventure—and that, after all, is the condition indispensable above everything else.

The larger States have not favored street railway bonds as means for the employment of savings banks funds. Thus, the present law of this State in defining what railroad bonds the institutions may hold says that "street railroad corporations shall not be considered railroad corporations within the meaning of this subdivision." The Connecticut law says: "This Act shall not be held to authorize any investments in the bonds of any corporation operating its railroad exclusively by any means other than steam as a motive power, or in the bonds of any street railroad company." In Vermont the law does not give permission for railroad investments of any kind. The same is true of the general law controlling savings banks in Pennsylvania, though some of the banks organized under old special charters have authority to invest in any "good and valid securities." The provision in New Jersey makes it lawful for a bank "to invest its funds in first mortgage bonds of any railroad company which has paid dividends," &c., &c., evidently meaning steam roads. In Rhode Island there is no reference to either street roads or steam roads, but there is a clause permitting investments "in such corporate stocks or bonds as they (the institutions) may deem safe and secure." In fact, except in the case of Maine and New Hampshire, where any mention is made at all of street railways it is to declare that the general provisions of law with reference to railroads shall not be construed as applying to street railways. Of the two States named, which form exceptions to the rule, we have already referred to the provisions respecting street railways in Maine.

In New Hampshire there are several references to the subject. By Section 10 of the Investment law it is provided that "street railroads shall not be considered railroads within the meaning of this and the last preceding section"—that is, the sections allowing investments in the bonds of any railroad company incorporated under the authority of any of the New England States and of any State outside of New England. Furthermore, Section 15, allowing investments in the stock of railroad corporations, reads: "exclusive of street railways." On the other hand, Section 12 is entirely devoted to street railways and allows investments "in the bonds of street railway corporations located wholly or in part in cities of 50,000 inhabitants or more, situated outside of New Hampshire, whose net indebtedness at the time of such investment does not exceed its capital stock actually paid in and remaining unimpaired; provided, such corporation has earned and paid regular dividends on its capital stock for five years next preceding such investment, but not exceeding five per cent of the deposits shall be so invested." Here, it will be observed, the privilege is much more closely guarded than in the Maine case. The street railway (1) must be wholly or in part in cities of 50,000 inhabitants or more; (2) the net indebtedness must not exceed the capital stock actually paid in and remaining unimpaired; and (3) the company must have earned and paid regular dividends for five years preceding. The Maine statute obviously embodies some excellent features, but would it not be well to add the third condition of the New Hampshire law, as here enumerated, and thus make it more nearly perfect ?

United States Debt and Its History.

The following is a statement of the debt of the United States past and present. To add to its usefulness we give references to the laws authorizing each of the issues of bonds outstanding to-day, and likewise, so far as we deem it needful, citations from those laws.

All our figures, except when otherwise noted, represent the status at the close of business June 30 or the beginning of business on July 1 of each fiscal year. To conform to that feature and yet furnish information through which any reader can always have the data for a correct exhibit of the debt situation at any past or future day, and make an accurate comparison with previous years, we present, FIRST, the details as they stood at the close of the last fiscal year ending June 30 1899; SECOND, the changes in those details since June 30 1899 down to April 1 1900; THIRD, the items of interest-bearing debt, &c., at the beginning of each fiscal year since July 1 1876; FOURTH, we publish in the CHRONICLE every month—usually the first or second Saturday—the full detailed Government statement of the debt as reported by the Treasurer on the last day of the previous month; some months lack of space forces us to delay the publication to a later week.

With these data at his command, it would seem as if any inquirer could satisfy himself fully with reference to every point which might become of importance for him to know respecting the United States debt.

Aggregate June 30 1899 of debt bearing no interest.....		$389,433,653 66

The foregoing shows that the Government debt on June 30 1899 was made up of (1) interest-bearing debt, $1,046,048,750, of (2) debt on which interest has ceased, $1,218,300 26, of (3) debt bearing no interest, $389,433,653 66, making total *gross* debt, $1,436,700,703 92; subtracting from the total the net cash balance in the Treasury ($281,380,468 73) at the same date (June 30 1899) we have the net debt as it stood at the close of the last fiscal year, $1,155,320,235 19. To bring down the *interest-bearing* debt to April 1 1900—which, as stated, was $1,046,048,750 on June 30 1899—we must add the $108,024,800 Loan of March 14, 1900, and deduct the following: from the Ten-Twenties of 1898 $29,984,080, from the Funded Loan of 1907, $71,126,600, from the Refunding Certificates $2,030 and from the Loan of 1904, $26,098,700 (a net deduction of $19,186,610), to reach the total of the interest-bearing debt April 1, 1900, which was $1,026,862,140.

For *later and future details of the debt, see the same* as issued every month in the CHRONICLE, the first or a later Saturday. We now add, *first*, references to and citations from the laws which are the authority for the debt as it stands to-day, including the new 2 per cent loan authorized March 14, 1900; *second*, the two tables on the next page, which exhibit all the particulars of the total debt of the United States on June 30 of each year from 1876 to 1899, and on April 1, 1900; *third*, the Pacific Railroad bonds, which are never included in the Treasury debt statements.

"FUNDED LOAN OF 1891" (Column 1) 4½ per cents, continued at 2 per cent. The bonds of this issue still outstanding were issued in exchange for the 4½ per cent funded loan of 1891 by mutual agreement between the Secretary of the Treasury and the holders, and were made redeemable at the pleasure of the Government. Amount issued was $25,364,500 and they are all outstanding to-day.

"FUNDED LOAN OF 1907" (Column 2) 4 per cents. The act of July 14, 1870, authorized the issue of 1,000 million dollars of bonds at 4 per cent, payable in coin of the present standard value, at the pleasure of the United States after thirty years; these bonds to be exempt from all taxes or duties of the United States, as well as from taxation in any form by or under State, municipal or local authority. Bonds to be sold at not less than par in coin, and proceeds to be applied to the redemption of outstanding 5-20s, par for par. Outstanding (April 1 1900), $488,525,700.

"REFUNDING CERTIFICATES" (Column 3).—Act of February 26 1879 authorized the Secretary of the Treasury to issue in exchange for lawful money of the United States certificates of deposit of the denomination of ten dollars, bearing interest at the rate of 4 per cent, and convertible at any time, with accrued interest, into the 4 per cent bonds described in the Refunding act; the money so received to be applied only to the payment of the bonds bearing interest at a rate not less than 5 per cent. On March 12 1879 the issue of these certificates and their exchange into 4 per cent bonds were authorized; the certificates were to draw 4 per cent interest from April 1 1879 and were convertible in sums of $50 or its multiples. The amount issued at the close of the fiscal year (June 30 1879) was $39,308,110, but they had been converted so rapidly that there were outstanding at that date only $12,848,210. On October 31 1879 the entire authorization had been reached, the maximum amount of the issue being $40,012,750. Of these there were still outstanding on April 1 1900 a total of $35,800.

"LOAN OF 1904."—(Column 4.) The act of January 14 1875 authorizes the Secretary of the Treasury to use any surplus revenues from time to time in the Treasury not otherwise appropriated, and to issue, sell, dispose of, at not less than par in coin, either of the descriptions of bonds of the United States described in the act of July 14 1870 for the purpose of redeeming on and after January 1 1879 in coin, at the office of the Assistant Treasurer of the United States at New York, the outstanding legal-tender notes when presented in sums of not less than fifty dollars. Under this authorization, and for the purpose mentioned, there were issued in February, 1894, payable in 10 years, $50,000,000 of 5 per cents and in November 1894 there were issued $50,000,000 more for similar bonds for the same purpose. There are now outstanding $73,901,300.

"LOAN OF 1925."—(Column 5.) Sales of bonds included under this designation were effected (1) in February 1895 to the amount of $62,315,400 and (2) in February 1896 to the amount of $100,000,000. In a message to Congress under date of February 8, 1895 (published in the CHRONICLE February 9 1895, page 244), President Cleveland stated in substance that in pursuance of Section 3700 of the Revised Statues the details of an arrangement have this day been concluded whereby bonds authorized under the act of July 14 1875, payable in coin at the pleasure of the United States after the first day of Feb., 1925, with interest at the rate of 4 per cent per annum, to the amount of $62,315,400, are to be issued for the purchase of gold coin amounting to a sum slightly in excess of $65,000,000, to be delivered to the Treasury of the United States, which sum added to the gold now held in our reserve will so restore such reserve as to make it amount to something more than $100,000,000. Such a premium is to be allowed to the Government upon the bonds as to fix the rate of interest upon the amount of gold realized at 3⅜ p. c. per annum. At least one-half of the gold to be obtained is to be supplied from abroad. Section 3700 of the Revised Statutes is as follows:

"Sec. 3700. The Secretary of the Treasury may purchase coin with any of the bonds or notes of the United States authorized by law at such rates and upon such terms as he may deem most advantageous to the public interest."

For a construction of the "Refunding Act of 1870" and of the "Resumption Act of 1875," see CHRONICLE, February 18 1893, page 265.

The issue in February 1896 was an ordinary offering, open to all bidders, of $100,000,000 of the same bonds as the foregoing—same in date, same in time of maturity, same in rate of interest and time of interest payments. Consequently both issues are called the "Loan of 1925," of which there are outstanding $162,315,400.

"TEN-TWENTIES OF 1898."—(Column 7.) The bonds included under this head are an issue of $200,000,000 3 per cents. They were authorized by Act of June 13 1898, and are known as the "War loan." The law provided that in allotting said bonds the individual subscriptions of the lowest amount must be first allotted. On the day the Act was signed a Treasury circular was issued (see circular in CHRONICLE of June 18 1898, page 1168,) inviting subscriptions for 32 days, from June 13 to July 14, for the amount of bonds stated, in both coupon and registered form, coupons in denominations of $20, $100, $500 and $1,000, and registered in denominations of same amounts, and also in $5,000 and $10,000, dated August 1 1898, redeemable in coin at the pleasure of the United States after ten years from date of issue, and due and payable August 1 1918. See circular for further details. Subscriptions reached the amount of $1,325,000,000. The amount now outstanding (April 1 1900) is $168,691,640.

"LOAN OF MARCH 14, 1900."—(Column 9.) Bonds (2 per cent payable at the pleasure of the Government after 30 years) authorized in "Act to define and fix the standard of value," etc. (for copy of Act see CHRONICLE, March 3, 1900, page 411), for the purpose of refunding (1) outstanding United States bonds bearing interest at 5 per cent payable Feb. 1, 1904; (2) bonds bearing interest at 4 per cent payable July 1, 1907, and (3) bonds bearing interest at 3 per cent payable August 1, 1908 (the "ten-twenties of 1898"). For details of arrangement see Secretary Gage's circular with reference to the operations for carrying out the refunding provisions of the bill in CHRONICLE, March 17, 1900, page 509. Of these 2 per cents there were outstanding April 1, 1900, according to debt statement, $108,024,800.

In April, 1895, we gave a table showing the debt of the United States on the first day of July 1856, and every subsequent year. It is not necessary to repeat all those figures. We have determined on this occasion to begin our statement with 1876, as that year antedates all of the issues now outstanding, and yet carries the record sufficiently far back to show the nature and extent of the Government securities when the refunding operations of that period began. It has the advantage, too, of giving separate and distinct each issue of bonds now outstanding. The statement is subjoined.

NOTE 1.—The annual interest charge is computed upon the amount of outstanding principal at the close of the fiscal year, except in the case of April 1, for which the total is of that date, and is exclusive of interest charge on Pacific Railway bonds.

NOTE 2.—The figures for July 1 1879 were made up assuming pending funding operations to have been completed.

PACIFIC RAILROAD DEBT.—One other class of bonded debt must be referred to which has never been included in the total of Government debt—we mean the Pacific Railroad subsidy debt. To show the situation of this indebtedness we have to make compilations of our own, as the Treasury form comes short of indicating the existing situation. In the following we bring together the details respecting the issues to the Pacific Railroads, giving likewise in the statement the debt already paid and the balance due to the Government.

DEBT LIMITATIONS.—Constitutional and statutory limitations restricting municipal indebtedness have become quite a feature since the crisis of 1873. In the States where these limitations are provisions of the Constitution of course debts contracted in excess of such limitation are absolutely void. In Maine the amendment to the Constitution took effect January 2, 1878, and is in the following form and words: "Article XXII. Limitation of Municipal Indebtedness. No city or town "shall create any debt or liability which, singly or in the aggregate, "with previous debts or liabilities, shall exceed five per centum of the "last regular valuation of said city or town; *provided, however*, that "the adoption of this article shall not be construed as applying to any "fund received in trust by the said city or town, nor to any loan for the "purpose of renewing existing loans, or for war, or to temporary loans "to be paid out of money raised by taxation during the year in which "they are made."

SAVINGS BANKS' INVESTMENTS—POWERS AND RESTRICTIONS.—The provisions regulating the investments and loans of savings banks and institutions for savings in the State of Maine are contained in Public Laws 1895, Chapter 161, Public Laws 1893, Chapter 170, and Revised Statutes, Chapter 47, Sections 102 and 103.

Legislature meets biennially in odd years on the first Wednesday in January, and length of session is not limited.

HISTORY OF DEBT.—New Hampshire's debt history is very brief. This State has always been extremely conservative, and no bonds were issued until after the breaking out of the Civil War. In 1866 New Hampshire reported her funded indebtedness at $4,169,818, contracted exclusively for war purposes. June 1, 1869, the total outstanding was $3,213,962 22, against which the Treasurer reported an asset of $77,082 89. The situation of the State debt now is as below:

LOANS NAME AND PURPOSE.	Interest. P. Cl.	Interest. Payable.	Principal. When Due.	Principal. Outstand'g.
Agricultural College 1893.	4	.....	July 1, 1913	$135,000

Loan of 1873 (overdue)...	..	....	.....	500
Trust funds.....	4&6	....	.....	734,749 45

Of the trust funds held June 1, 1899, $80,000 bear 6 per cent interest and $652,653 26 bear 4 p. c. interest, no interest being paid on $2,096 19.

PAR VALUE OF BONDS.—The bonds of this State are in $500 and $1,000 pieces.

INTEREST is payable at the Commonwealth Bank of Boston and at State Treasurer's office.

TOTAL DEBT.—The *net* debt on June 1, 1899, was $1,335,068 05. The subjoined statement shows New Hampshire's *total* debt on the dates named. Assets June 1, 1899, were $690,953; floating debt, $1,472.

	June 1, '99.	June 1, '98.	June 1, '97.	Jan. 1, '96.

ASSESSED VALUATION.—The State's total assessed valuation (including taxable savings, bank savings and insurance capital) has been as follows:

Years.	Valuation.	Years.	Valuation.
1899	*$277,024,165	1894	$269,683,779
1898	252,490,075	1893	274,816,342
1897	255,742,099	1890	250,530,530
1896	259,116,800	1885	218,122,554
1895	not tabulated		

* The difference of nearly $70,000,000 in the valuation for 1899 as reported in the October SUPPLEMENT and that given above arises from the fact that the figures in the last SUPPLEMENT did not include the valuation of railroads, telephones, etc.

DEBT LIMITATION.—There is no restriction in the Constitution of New Hampshire upon the debt-making power of the people through the "General Court," *except* the following, which is the last clause of Article 5 of Part Second of that instrument.

Provided, That the General Court shall not authorize any town to loan or give its money or credit directly or indirectly for the benefit of any corporation having for its object a dividend of profits or in any way aid the same by taking its stocks or bonds.

The above is an amendment to the Constitution, which was ratified in 1877. The amendment would appear to be intended as a complete estoppel to municipal loaning of money or credit to railroad and industrial corporations. It is to be noticed, however, that by its terms the restriction does not specifically mention "cities," the words being "any town."

In addition to the foregoing is the "Municipal Bond Act of 1895." It tells in the matter of issuing bonds what a municipal corporation may do, what it must do, and what it cannot do. The law enacts: *Sec.* 1. The term "municipal corporation" means town, city, school district, village district and village precinct. *Sec.* 2. Bonds issued must be payable within 20 years, interest semi-annual, not exceeding 6 per cent, may be payable in gold coin. If made payable in less than 20 years, may be extended but never beyond 20 years from time of issue. *Sec.* 3. Bonds (except of cities) must be authorized by a vote of two-thirds of all voters present and voting at an annual meeting of such corporation, or at a special meeting if properly called, &c. (for which see act). Bonds must be signed by a majority of the Governing Board, countersigned by Treasurer and have seal of corporation. Time and place of payment and rate of interest, &c., may be delegated to Governing Board. *Sec.* 4. City bonds must be authorized by resolution of City Council passed by at least two-thirds of members elected to each branch taken by yeas and nays, signed by Mayor, countersigned by Treasurer, seal of city affixed. Place of payment, rate of interest and sale may be delegated to Treasurer. *Sec.* 5. Bonds shall be payable to bearer or to registered holder by name, and must be in form set out in act—which see. In case bonds be made subject to call they must contain statement to that effect as given in act. "The validity of any bonds shall not be affected by any variation from the forms herein prescribed." *Sec.* 6. Treasurer to keep a book in which he shall register bonds issued, &c. *Sec.* 7. "All bonds purporting to be issued by virtue of this act and signed and sealed as hereinbefore provided shall in favor of bona fide holders be conclusively presumed to have been duly and regularly authorized and issued in accordance with the

provisions herein contained, and no holder thereof shall be obliged to see to the existence of the purpose of the issue or to the regularity of any of the proceedings or to the application of the proceeds. All such bonds shall be negotiable in all respects and to the same extent as securities negotiable by the law merchant." *Sec.* 8. Annual tax must be levied and collected sufficient to pay interest and provide a sinking fund sufficient to pay principal within 20 years. *Sec.* 9. No bonds can be issued which shall increase the *net* debt of corporation to an amount exceeding 5 per cent of the value of the taxable property therein as last appraised for assessing taxes. To ascertain *net* debt, all debts must be included except the following, which must be deducted—water debt, "cash and other means" in treasury and sinking funds applicable to payment of debt so included; "but nothing contained in this section shall prevent the issue of bonds for the purpose of refunding an equal principal amount of other bonds of such corporation." *Sec.* 10, corporation seal. *Sec.* 11. Act to take effect on passage. Approved March 19, 1895.

POPULATION OF STATE.—Since 1800 the total population has been as follows.

1890	376,530	1860	326,073	1830	269,328
1880	346,991	1850	317,976	1820	244,022
1870	318,300	1840	284,574	1810	214,460

In 1870-80 increase was 28,691, or 9·01 per cent, and in 1880-90, 29,539, or 8·51 per cent. For earlier population figures see STATE AND CITY SUPPLEMENT of April, 1895, page 13.

SAVINGS BANKS' INVESTMENTS—PRIVILEGES AND RESTRICTIONS.—The laws in this State relating to savings banks investments were remodeled by the Legislature of 1895. The act referred to was approved on March 29, 1895, and went into effect on July 1 of the same year. It is as follows: [In 1899 certain changes were made in sections 4, 7, 8 and 15, which we have incorporated below.]

AN ACT to regulate the investments of savings banks.

The term "net indebtedness" shall be construed to denote the indebtedness of any city or town, omitting debt created for supplying the inhabitants with water, and deducting the amount of sinking funds available for the payment of municipal indebtedness.

9th. In the bonds of any railroad company incorporated under the authority of any of the New England States whose road is located wholly or in part in the same, and which is in possession of and operating its own road, and has earned and paid regular dividends for the two years next preceding such investment, or in the bonds guaranteed or assumed by such railroad company, of any railroad company so incorporated whose road is thus located, or in the bonds or notes of any railroad company incorporated under the laws of this State; but not exceeding twenty-five per cent of the deposits shall be so invested.

The liabilities of the State on July 1, 1899, were as follows:

TOTAL DEBT, ETC.—The total debt of the State on July 1, 1899, was $666,237 47. On July 1, 1899, the total resources were $879,248 33, including cash on hand and in banks $133,632 91.

ASSESSED VALUATION.—The State's assessed valuation and tax rate have been as follows:

Years.	Assessed valuation. Real.	Personal.	Total.	Tax rate per $1,000
1899	$117,642,114	$57,969,558	$175,611,672	$2·00

1890	112,895,125	65,157,388	178,052,513	.....

The tax rate for 1899 was $2·00 per $1,000, which includes State school and State highway taxes of 50 cents each per $1,000, collected and re-distributed to towns on a basis of the number of schools and road mileage.

DEBT LIMITATIONS.—There appears to be nothing in the Constitution or in the Statutes of Vermont providing a general limit to the debt-making power of municipalities. Whatever in each case the Legislature authorizes, the city, town, county or other civil division can issue. Of course the purpose of the improvement must be of a public character. Railroad subscriptions by towns are authorized by Section 2760, chapter 132 of the Revised Statutes, the section being as follows:

SECTION 2760. A town may aid in the construction of a railroad organized under the general law by issuing bonds to and such railroad, by taking capital stock therein, or in such other manner as it directs-but the liability so assumed shall not exceed eight times the grand list of the town at the time. Such aid shall be given in the way provided in this chapter.

It will be noticed that this section contains a limit to the power granted of making subscriptions in aid of railroads—to wit: That the subscriptions shall not exceed eight times "the grand list." To evolve the "grand list" in Vermont, the authorities first prepare a schedule of all the property, real and personal, of each individual, with valuations entered at their real value in money, deducting debts owing; after this is done "the grand list" is made up by taking one per cent of that amount, according to Section 317, Chapter 25, of the Revised Statutes, which is as follows: "All taxable property shall be set in the list at one "per cent of its value in money on the first day of April of the year "in which the list is made."

Following Section 2760, above cited, which authorizes subscriptions in aid of railroads, are other sections describing the method in which

these subscriptions must be made, by calling a town meeting, voting, &c., &c. Then follows Section 2766, authorizing the issue of bonds.

SECTION 2766. Such town may issue bonds, with coupons payable semi-annually, at a rate of interest not exceeding seven per cent, to aid such road.

The only other *general* authority granted for the issue of bonds by municipal corporations in Vermont is that given for refunding outstanding bonds and notes. The Sections which grant this power are Sections 2769, 2775 and 2776, Chapter 132 of the Revised Statutes, Sections 2769 and 2776 are as follows:

SECTION 2769. A town which has outstanding and unpaid negotiable notes or bonds, issued to pay for stock subscribed to a railroad company, under any act of the general assembly, may issue other negotiable notes or bonds to pay or retire such outstanding notes or bonds.

SECTION 2,775. A town having outstanding and unpaid orders, notes, bonds or coupons, issued under any act of the Legislature, for the purpose of the erection of public buildings, or in aid of public improvements, or for the payment of soldiers' bounties, may issue other negotiable notes or bonds for the purpose of retiring the outstanding orders, notes, bonds and coupons, in the same manner that it may issue new notes or bonds to pay or retire outstanding notes or bonds issued in aid of a railroad; and the powers, restrictions, duties and liabilities of the town and town officers in the matter shall be the same as is provided by law in the case of the refunding by a town of town bonds issued in aid of a railroad; and the interest on such new notes or bonds shall be provided for in the same manner.

By Section 2776 municipal corporations other than towns have the same refunding powers granted them which are conferred upon towns by the two sections last above cited.

The only other section which we need quote is Section 2751 of Chapter 130, which names the objects for which towns may vote money. If money is appropriated for any other object, the Charter or a special statute must be looked to for the authority.

SECTION 2751.—Towns in town meetings may vote such sums of money as they judge necessary for the support of the poor; for laying out and repairing highways; for the prosecution and defense of the common rights and interests of the inhabitants, and for other necessary incidental town expenses.

POPULATION OF STATE.—According to the first census (1790) the population of Vermont was 85,425, of which 44,756 were males, 40,398 were females and 271 free colored. The total in 1800 was 154,465. Since that date each ten year aggregate is given below.

1890.....332,422	1860.....315,098	1830.....280,652
1880.....332,286	1850.....314,120	1820.....235,966
1870.....330,551	1840.....291,948	1810.....217,895

SAVINGS BANKS INVESTMENTS—PRIVILEGES AND RESTRICTIONS.—The provisions of law relating to savings banks are found in Chapter 174 of the Vermont statutes, Sections 4066 to 4131 inclusive, as amended from time to time. The first section having reference to investments is Section 4096, which treats of *real estate mortgages*. It authorizes the investment of 70 p.c. of the assets in such mortgages, one-sixth at least of which "shall be upon real estate in this State"—that is Vermont. A proviso adds that only 50 per cent of the assets may be invested in mortgages on real estate outside of Vermont. Sections 4097 and 4098 relate only to obtaining and paying for insurance. Section 4099 is as follows, and has reference to investment on *personal security*.

SECTION 4099—No loans or investments on personal security shall be made except upon at least two approved names, not less than two of whom reside in this State or within fifty miles of the institution making such investment, and such personal loans or investments shall not be for a longer time than one year; and not more than one-third of the assets of a savings bank, savings institution or trust company shall be invested in personal securities.

Section 4100 only covers a single point; that is to say it restricts to *five* per cent of the deposits the amount which a savings bank may invest in the lot and building for the transaction of its business, and adds that a revenue may be derived from portions of the building not required for the bank's use. The next section (Section 4101) covers the most important of the provisions relating to investments that are contained in the law. We give the section in full below. The separation into paragraphs and the figures in parenthesis which number and begin the paragraphs are our own.

SECTION 4101—With the foregoing exceptions, the moneys deposited in Savings' Banks, Savings' Institutions and Trust Companies, and the income therefrom, shall be invested only as follows:

(1.) In the public funds of the United States, or public funds for the payment of principal and interest of which the faith of the United States is pledged;

(2.) In the bonds or notes of the counties, cities, towns, villages and school districts of the New England States, New York, Pennsylvania, Ohio, Michigan, Indiana, Illinois and Iowa;

(3.) In the stock of any national bank in the New England States, New York and the cities of Detroit, Chicago, St. Paul and Minneapolis; in the stock of any banking association or trust company incorporated under the authority of and located in this State;

(4.) In the municipal bonds, not issued in aid of railroads, of counties, cities and towns of five thousand or more inhabitants in the States of New Jersey, Wisconsin, Minnesota and Missouri, and in counties, cities and towns of ten thousand or more inhabitants in the States of Kansas, Nebraska, North Dakota, South Dakota, Oregon and Washington, but no investment shall be made in any of the counties, cities or towns in the States above named, except in cities of fifty thousand or more inhabitants, where the municipal indebtedness of such county, city or town *exceeds five per cent* of its assessed valuation, and when not issued in aid of railroads;

(5.) In the school bonds and independent school district bonds of New Jersey, Wisconsin, Minnesota and Missouri; and in the school bonds and independent school district bonds of school districts of two thousand or more inhabitants in the States of Kansas, Nebraska, North Dakota, South Dakota, Oregon and Washington, where the amount of such bonds issued does not exceed five per cent of the assessed valuation of the respective cities, towns and school districts.

(6.) In the public funds of any of the States named in this section; in notes with a pledge of any of the aforesaid securities, including deposit books or deposit receipts, issued by a savings bank, savings institution or trust company or banking association located in this State, as collateral, such notes not to exceed the par or market value of such security;

(7.) But no savings bank, savings institution or trust company shall hold, by way of investment or as security for loans, more than ten per cent of the capital stock of any one bank, nor invest more than ten per cent of its deposits, nor more than thirty-five thousand dollars in the capital stock of any one bank; and no such investments shall be made in the capital stock of any such banks, owned or loaned upon, to exceed in the aggregate one-fourth of the deposits of any savings bank, savings institution or trust company.

The amount of loan which can be made to one person or corporation, &c., is restricted by the next section, and we give it in full. It is as follows:

SECTION 4102—No savings bank, savings institution or trust company shall loan to any one person, firm or corporation, or the individual members thereof, more than five per cent of its deposits, nor more than thirty thousand dollars; nor shall such loan on personal security exceed ten thousand dollars.

We also give Section 4106 in full. It confers authority upon savings banks to make deposits on call in banks and trust companies in certain States and cities, and is as follows.

SECTION 4106.—The words "trust company" in this chapter shall be construed to include savings banks and trust companies. A savings bank, savings institution or trust company may deposit on call in banks, banking associations or trust companies in this State, or in the cities of New York, Boston or Chicago, or in national banks in the cities of St. Paul, Minneapolis and Kansas City, with or without interest, as may be agreed upon, sums not exceeding in the aggregate twenty per cent of the assets of such savings bank, savings institution or trust company.

Section 4107 enacts that savings banks may hold real estate acquired on foreclosure or otherwise taken to secure debt, but it must be sold within five years, &c. Section 4108 authorizes savings banks to demand and receive on loans 6 per cent interest.

DEBT LIMITATIONS.—There seems to be no provision in the Constitution of Massachusetts limiting the power of the Legislature to create State indebtedness, or limiting its power to authorize municipal indebtedness. Statutes general and special have, however, been passed on this subject with respect to Cities and Towns.

First among these Statutes needing mention we have Chapter 29 of the Revised or "Public Statutes." The important sections to be cited contained in Chapter 29 are as follows. We give only the substance of the sections, not the words.

SECTION 1—Provides that cities and towns shall not incur debt except in the manner and within the limitations prescribed in this chapter.

SECTION 2—Provides (as a preliminary for determining whether the limitation fixed by Section 4 has been reached by any municipality) that the water debt and the sinking funds shall be deducted from the total debt.

SECTION 3—Provides that the first 17 sections of chapter 29 shall not apply to debts incurred in aid of railroads, to water scrip issued under special statutes, or to indebtedness for a fire district.

SECTION 4—Provides that no city or town except as provided in the following section shall become indebted in an amount *which exceeds 3 per cent on the last preceding valuation* [but amended as noted below.]

SECTION 5—Provides that cities and towns which were indebted on the 13th day of June, 1875, to an amount not less than 2 per cent on valuation for that year may "increase such indebtedness to the extent "of an additional one per cent on that valuation and no more."

SECTION 6—Provides that cities, &c., "may by *ordinary vote* incur debts for tempory loans" in anticipation of the year's taxes and of the year's taxes next ensuing.

SECTION 7—Provides that other debts than those referred to in section 6 shall be incurred only by a vote of two-thirds of the voters present at a town meeting, of two-thirds of all the members of each branch of the city council, and approved by the Mayor; or if the Mayor disapproves, by another like vote after notice of such disapproval.

SECTION 8—Provides that debts incurred for water must be payable within 30 years; in constructing sewers within 20 years; all other debts within 10 years.

SECTIONS 9 to 17 inclusive, contain interesting provisions relating to sinking funds and other allied matters.

SECTION 18—Provides that any city which at a meeting of its voters has accepted by a two-thirds vote any act to supply said city with water, may by a vote of a majority of the members of each branch of the city council contract debts and issue bonds for the purpose.

SECTION 19—Provides that towns, &c., shall not increase their debt by subscriptions in aid of railroads beyond 3 per cent of valuation; *but the limitation* of this section shall not apply to temporary loans mentioned in Section 6.

SECTIONS 20 to 23, which are the final ones of Chapter 29, have no reference to the subject we are discussing and need not be cited.

As the reader has seen, the foregoing (Section 4, Chapter 29) fixes the *general* debt limitation for cities and towns *at 3 per cent.*

This general limitation was lowered by a later law. The provision is found in Chapter 312, Section 2 of the Laws of 1885, which provision reduces the general debt limitation of cities from 3 per cent to 2½ *per cent* on the average valuation for the preceding three years. Worcester, Lynn, Gloucester and Brockton are in the same Section exempted from the operation of the Section until January 1, 1889—later than 1889 the only exemptions we find in the Statutes are special in their purpose, not general. In 1893, however, authority was given for an addition of ½ per cent, to provide public playgrounds—that is to say, under Chapter 225, Laws of 1893, any town or city (except Boston) may incur an indebtedness of ½% of the assessed valuation beyond the limit of indebtedness for playgrounds.

The temporary loans provision, as it appears above in Section 6 (Chapter 29), is also changed by Section 4, Chapter 312, by omitting "and of the year next ensuing;" so that at present cities and towns by *ordinary vote* can incur debts for temporary loans in anticipation of the taxes of the year *only* in which such debts are incurred.

Temporary loans (for a term not exceeding one year) in anticipation of money to be derived from an issue of bonds or other form of indebtedness, duly authorized, are provided for by a statute approved June 14, 1898. The same Act states that the time within which said bonds etc., shall become due shall not be extended by reason of said tempor' ary loan.

The foregoing statements cover all the material facts general in their application passed with respect to debt limitation. In addition to these General Provisions there are various Special Laws which contain *exceptions* to the general law as to debt limitation, which apply to Boston, Cambridge, Lynn, Newburyport, Waltham, Worcester, &c., &c.

SAVINGS BANK INVESTMENTS—POWERS AND RESTRICTIONS.—The provisions regulating the investments and loans of savings banks and institutions for savings in Massachusetts are contained in Section 21, Chapter 317, acts of 1894, and amendments thereof. All the provisions have been compiled by the Commissioners of Savings Banks, and we cannot do better than to give their compilation, which we do below in full. In 1899 the authority to purchase railroad bonds was materially broadened. The amendment is included in the provisions below.

Massachusetts savings bank deposits and the income derived therefrom shall be invested only in manner following, to-wit:

DEBT LIMITATIONS.—The general provision as to debt limitation which applies only to Boston is found in the Supplement to the Public Statutes of Massachusetts, Laws of 1885, Chapter 178. The act is entitled "An act to limit the municipal debt of, and the rate of "taxation in, the city of Boston."

SECTION 1—Provides that the taxes exclusive of State tax and of sums required by law to be raised on account of the city debt shall not exceed in any one year $9 on every $1,000 of the average of the assessors' valuation for the preceding five years, the valuation year to year being first reduced by all abatements.

SECTION 2—Provides that the limit of indebtedness of the city of Boston shall hereafter be 2½ per cent until January 1, 1887, and thereafter shall be 2 per cent on the average valuation prescribed in section 1 of this act.

The foregoing limitation is of course exclusive of debts created for water supply, and further exceptions have been made from year to year by different legislatures, authorizing bonds outside of the debt limit for various purposes, especially enumerated.

It is proper to state that under Chapter 93, Acts of 1891, the city is authorized to *anticipate* its authority to borrow money within its debt limit for any current municipal year.

TOTAL DEBT, SINKING FUNDS ETC.—

January 1—	1900.	1899.	1898.	1897.
Total funded debt	$2,300,000	$2,300,000	$1,500,000	$1,517,000
Sinking funds	295,752	255,089	209,422	150,000
Net debt	$2,004,248	$2,044,911	$1,290,578	$1,367,000

The sinking fund is largely invested in city, town and district bonds and notes, and it is to receive $50,000 yearly.

TAX VALUATION.—The assessed valuation of real estate in Rhode Island in 1899 was $308,967,317; personal property, $81,945,263; total $390,912,580. Tax rate (per $1,000) in 1899 was $1·80.

POPULATION OF STATE.—In 1790, 68,825. Since then:

1895	384,758	1870	217,353	1830	97,199
1890	345,506	1860	174,620	1820	83,015
1885	304,284	1850	147,545	1810	76,931
1880	276,531	1840	108,830	1800	69,12[illegible]

MUNICIPAL INDEBTEDNESS LIMITATIONS.—There is nothing in the Constitution of Rhode Island limiting the amount of city debts. The following, however, are two sections taken from Title 7, Chapter 36 (page 157) of the Revised Statutes of the State of 1896. Since 1878 these provisions have been in force, and consequently 3 per cent of the taxable property has been the limit of the power of each town (which includes city) to create debt.

SECTION 20. "The outstanding notes, bonds and contracts of towns shall be paid and be fulfilled according to the tenor thereof, and all public works now authorized to be prosecuted shall be prosecuted, and all indebtedness now authorized to be incurred on account thereof may be incurred according to the tenor of the authority therefor.

SECTION 21. No town shall, *without special statutory authority therefor*, incur any debt in excess of three per centum of the taxable property of such town, including the indebtedness of such town on the tenth day of April, one thousand eight hundred seventy-eight, but the giving of a new note or bond, for a pre-existing debt, or for money borrowed and applied to the payment of such pre-existing debt, is excepted from the provisions of this section, and the amount of any sinking fund shall be deducted in computing such indebtedness."

A proposed new constitution, containing certain limitations as to State and other debts, failed of adoption at the November election in 1898, was again submitted to popular vote in 1899 and again defeated.

SAVINGS BANK INVESTMENTS AND RESTRICTIONS.—In the Revised Statutes of Rhode Island (which were revised in 1896), Sections 54, 55, 56, etc., of Chapter 178, Title 19 (on page 548), will be

found the provisions of law with reference to Savings Bank Investments. Section 54, which recites in detail the stocks, bonds, etc., these institutions are allowed to put their money in is as follows:

SECTION 54. Institutions for savings shall invest their receipts—
(1) In public stocks or bonds of any State or of the United States,
(2) Or in any bank stock, or in notes or bonds of any town or city,
(3) Or in notes of any school district or fire district in any New England State.
(4) Or in such corporate stocks or bonds as they may deem safe and secure.
(5) Or they may discount notes, bonds or drafts of individuals or corporations, with two other responsible endorsers, sureties or guarantors,
(6) Or the notes, bonds or drafts of individuals or corporations secured by the public notes, stocks or bonds of any State of the United States, or of any town or city or of any school district or fire district in any New England State, or by the stock or bonds of any corporation which may be deemed to be safe, or by mortgage on real estate.

Concerning Sections 55 and 56, the first appears to give savings institutions quite extensive powers as to making and keeping deposits in commercial banks. When so kept, however, they are to be kept "payable on demand whether drawing interest or not." The two sections are subjoined.

SECTION 55.—No such institution shall have an amount exceeding one-half of its receipts invested in notes, bonds or drafts of individuals or corporations, unless secured by some public notes, bonds or stocks as aforesaid, or by mortgage on real estate: but the preceding section shall not be so construed as to forbid any such institution from placing and holding on deposit in any bank such reasonable amount of their receipts as is customary and they may deem proper, payable on demand, whether drawing interest or not.

SECTION 56.—No money shall be loaned by any institution for savings to any trustee, director or other officer of such institution.

For the other provisions of the law as they now are we would refer our readers to the Revised Statutes of 1896.

DEBT LIMITATION.—The Constitution of Connecticut contains but a single provision restricting the debt-making power. The provision is Article 25, adopted as an amendment in 1877, and is as follows:

No County, City, Town, Borough or other Municipality, shall ever subscribe to the capital stock of any railroad corporation, or become the purchaser of the bonds, or make donation to, or loan its credit in aid of, any such corporation; but nothing herein contained shall affect the validity of any bonds or debts incurred under existing laws, nor be construed to prohibit the General Assembly from authorizing any Town or City to protect by additional appropiations of money or credit any railroad debt contracted prior to the adoption of this amendment.

The foregoing is explicit and comprehensive, covering every municipality. There are no general restrictions in the Revised Statutes; whatever restrictions have been made from time to time are contained in enabling acts and in city charters.

As to towns, we notice that there is a general law granting them unlimited power to issue bonds. According to section 140, chapter 23 of the Revised Statutes, "when any town shall have made appropriations "or incurred debts, or shall hereafter make appropriations or incur "debts exceeding ten thousand dollars, it may issue bonds, either regis- "tered or with coupons attached, or other obligations, payable at such "times and at such annual rate of interest not exceeding 6 per cent, "payable annually or semi-annually, as it shall determine," &c. Cities have had no such general authority conferred upon them.

Exemption from Taxation nas been accorded by general statute to certain bonds issued by cities and towns to aid in the construction of railroads; and this exemption has been extended to new bonds issued for the purpose of redeeming or providing a fund to redeem the railroad aid bonds above referred to. This exemption is found in Section 3,820, Chapter 241 of the Revised Statutes (last clause of Section), and the bonds there named are those "issued by any town or city in aid of the "construction of the railroads of the Connecticut Western Railroad "Company, the New Haven Middletown & Willimantic Railroad Com- "pany, the Shepaug Valley Railroad Company, the Connecticut Valley "Railroad Co., the Connecticut Central Railroad Company, or either of "them." All railroads which are in whole or in part in the State are taxed by the State under Section 3920, Chapter 244 of the Revised Statutes, so that the tax on these bonds is paid by the railroads.

Exemption from tax of new bonds issued to redeem or to provide a fund to redeem the railroad aid bonds, or to redeem or to provide a fund to redeem any reissue of the same, is conferred fully by an act approved June 19, 1889, and found in the "Public Acts" for that year.

SAVINGS BANKS INVESTMENTS—PRIVILEGES AND RESTRICTIONS.—At the session in 1899 material changes were made in the provisions regulating the investment of the deposits of the savings banks of Connecticut. We give below the law as thus amended. The Act of 1899 is entitled "An Act concerning Investments of Savings Banks", and is as follows. The separation into paragraphs and the figures in brackets which number and begin the paragraphs we have inserted so that those who need to refer to or use any particular portion of the section can more readily find the part desired; otherwise we give the section as it reads and was passed.

Section 1800 of the General Statutes, as amended by chapter CCXXIX of the Public Acts of 1893 and by chapter CCXVII of the Public Acts of 1897 is hereby amended to read as follows: Savings banks may invest—

(1) Not exceeding twenty per centum of their deposits and surplus in notes secured by the pledge of stocks or bonds as collateral security: *provided*, said stocks or bonds shall have paid dividends or interest of not less than three per centum per annum during the two years next preceding that in which the respective loan is made; or by the pledge of any stocks, bonds, or other obligations which, under the provisions of this act, can be purchased by savings banks; and may invest not exceeding twenty per centum of their deposits and surplus in notes, each of which shall be the joint and several obligation of two or more parties, all residents of this State.

(2) And may invest in the bonds of the United States, the District of Columbia, any of the New England States, or any of the States of New York, New Jersey, Pennsylvania, Delaware, Maryland, Ohio, Kentucky, Michigan, Indiana, Illinois, Iowa, Wisconsin, Minnesota, Missouri, Nebraska, Kansas, California, Colorado, and Oregon;

(3) In the bonds of any city in the New England States, or in the State of New York; of Newark, Paterson and Trenton in the State of New Jersey; of Philadelphia in the State of Pennsylvania; of Cincinnati, Cleveland, Columbus, Dayton, and Toledo in the State of Ohio; of Louisville in the State of Kentucky; of Detroit in the State of Michigan; of Chicago in the State of Illinois; of Milwaukee in the State of Wisconsin; of St. Louis in the State of Missouri; of Omaha in the State of Nebraska;

(4) Or in the obligations of any of the counties, towns, cities, boroughs, and school districts in this State,

(5) Or in the capital stock of any bank or trust company located in this State, or in the city of New York in the State of New York, or in Boston in the State of Massachusetts;

(6) Or in the bonds of any other incorporated city located in any of the States mentioned in this act, having not less than twenty thousand inhabitants, as ascertained by the United States or State census, or any municipal census taken by authority of the State next preceding such investment; *provided*, the amount of the bonds of said city, including the issue in which such investment is made and its proportion (based on the valuations contained in the assessment for taxation next preceding such investment) of the county and town debt, after deducting the amount of its water debt, and the negotiable securities in the sinking funds which are available for payment of its bonds, does not exceed seven per centum of the valuation of property in said city as assessed for taxation next preceding such investment; *provided, always*, that the State or city issuing said bonds has not defaulted payment of any of its funded indebtedness or interest thereon within fifteen years next preceding the purchase of such bonds by the savings bank; but this act shall not be held to authorize the investment of any funds in any "special assessment bonds" or "improvement bonds", so called, which are not direct and primary obligations of the city issuing the same;

(7) Or in the bonds of any railroad company organized under the laws of any of the States mentioned in this Act, and which bonds are secured by a first mortgage (as the only mortgage security) given by said railroad company upon some portion of the railroad owned by it, or given by a railroad company (a majority of the capital stock in which is owned by the railroad company issuing said bonds), upon some portion of the railroad owned by it but leased or operated by the railroad company issuing said bonds, and which portion of said railroad in either case shall be located wholly or in part in one or more of the States mentioned in this Act, provided the entire railroad of said company is located wholly within the United States; or in the consolidated bonds of any railroad company incorporated by this State and authorized to issue such bonds to retire the entire funded debt of said company; *provided*, that in every case the railroad company in the bonds of which an investment is made shall have paid each year, for a period of not less than five years next previous to such investment, in addition to the interest on its funded indebtedness, dividends of not less than four per centum per annum upon its entire capital stock outstanding; and *provided, further*, that said outstanding capital stock at the time of such investment equals or exceeds in amount one-third of the entire outstanding issue of said bonds; also in the bonds of the following-named railroad corporations, viz:

Boston & Albany Railroad Company,
Boston & Lowell Railroad Company,
Boston & Maine Railroad Company,
Concord & Montreal Railroad Company,
Fitchburg Railroad Company,
Harlem River & Port Chester Railroad Company,
Maine Central Railroad Company,
New England Railroad Company,
New York & New England Railroad Company,
New York, New Haven & Hartford Railroad Company,
Old Colony Railroad Company,

and in any general or consolidated mortgage bonds issued by any of the following-named railroad corporations to retire all of the outstanding prior mortgage bonds secured upon the property covered by said general or consolidated mortgage:—

Chicago & North Western Railway Company,
Chicago, Burlington & Quincy Railroad Company,
Chicago, Milwaukee & St. Paul Railway Company,
Chicago, Rock Island & Pacific Railway Company,
Chicago & Alton Railroad Company,
Cleveland & Pittsburg Railroad Company,
Lake Shore & Michigan Southern Railway Company,
Michigan Central Railroad Company,
Morris & Essex Railroad Company,
New York Central & Hudson River Railroad Company,
Pennsylvania Railroad Company,
St. Paul, Minneapolis & Manitoba Railway Company,
Eastern Railway of Minnesota, Northern Division,

and in the mortgage bonds hitherto issued which the said consolidated or general mortgage bonds are to retire at maturity: *provided*, that at no time within five years next preceding the date of such investment shall such railroad corporation have failed regularly and punctually to pay the principal at maturity, (or as extended,) and interest of all its mortgage indebtedness, and in addition thereto regularly and punctually to have paid dividends upon all its outstanding capital stock during the preceding five years: further, that at the date of every such dividend the outstanding capital stock of such railroad corporation shall have been equal to at least one-third of the total mortgage indebtedness of such railroad corporation, including all bonds issued or to be issued under any mortgage securing any bond in which such investment shall be made, but this Act shall not be held to authorize any investment in the bonds of any corporation operating its railroad exclusively by any means other than steam as a motive power, or in the bonds of any street railroad company.

(8) All other investments shall consist of deposits in incorporated banks or trust companies located in this State or in the States of New York, Massachusetts, or Rhode Island,

(9) Or of loans secured by mortgage on unincumbered real estate situated in this State, worth double the amount of the loan secured thereon, provided that any savings bank in the towns of Putnam, Brooklyn and Killingly may loan on land located in the County of Providence in the State of Rhode Island; any savings bank in the town of Ridgefield may loan on land located in the County of Westchester in the State of New York; any savings bank in the town of Enfield or in the town of Stafford may loan on land located in the County of Hampden in the State of Massachusetts; and any savings bank in the town of Stonington may loan on land located in the County of Washington in the State of Rhode Island.

It would seem according to the foregoing amendment of section 1800 that only forty per cent of the deposits and surplus of any savings bank may be employed on personal security, but that no limit is placed upon the amount which may be invested in the other securities mentioned in the section.

The subjoined sections, 1803, 1804, 1805 and 1806, provide certain *restrictions* with reference to loans—section 1803 restricting loans on Mortgage Security to Manufacturing Corporations and Ecclesiastical Societies; section 1804 restricting amount of loans to one party on personal security; section 1805 forbidding loans on single names.

SEC. 1803. No loan shall be made by any savings bank to any corporation or association or ecclesiastical society, secured by mortgage upon their property, unless the same shall be accompanied by the individual guarantee of some responsible party or parties, or by other collateral security of equal value to the amount of the sum loaned, and the directors or trustees of any such bank consenting to any loan contrary to the provisions of this section shall be held individually responsible to the full extent of such loan.

SEC. 1804. No savings bank having more than twenty-five thousand dollars deposits shall loan on personal security to any one person, company, or interest, more than three per cent of its deposits at the time of making such loan.

SEC. 1805. No savings bank shall buy, or lend any money upon, any obligation on which only one person or firm shall be holden, without taking additional security for the same equivalent to the guaranty or indorsement of some other responsible party.

Besides the ordinary safeguards which are in all savings bank laws there is one of no little importance that ought to aid materially in preventing incautious loans. We refer to the provision below.

SEC. 1806.—When any loan or investment is made by any savings bank, the names of the directors or trustees consenting thereto shall be entered upon the records of said bank, and said record shall be at all times open to the inspection of the corporators and auditors of said bank and the Bank Commissioners, and be *prima facie* evidence of the truth of the statements therein contained.

TRUST FUNDS—HOW LOANED OR INVESTED—We find in Section 495 of the General Statutes the following liberal provisions providing that trust funds may be loaned or invested in the same securities savings banks are authorized to invest in.

SEC. 495.—Trust funds, unless it is otherwise provided in the instrument creating the trust, may be loaned on the security of mortgages on unencumbered real estate in this State, double in value the amount loaned, or may be invested in such mortgages or in the bonds or loans of this State, or of any town, city, or borough of this State, or in any bonds, stocks, or other securities which the savings banks in this State are or may be authorized by law to invest in, or may be deposited in savings banks incorporated by this State.

CITIES, COUNTIES AND TOWNS IN THE STATE OF CONNECTICUT

NOTE.—*For debts of minor civil divisions not found among the statements given below, see "Additional Statements" at the end of this State.*

The relation which the towns, cities and boroughs of this State bear to one another is peculiar, and requires a word of explanation. The State is divided into eight counties, and these counties are made up of towns, numbering in the aggregate 167. The towns are the civil unit, and on the assessed valuation (which is called the "Grand List of each town") is levied the tax for State purposes as well as the tax for town expenditures. Within the town is often situated a city or a borough, or both, all of which may at the same time have bonds outstanding. There are ten cities, each with one exception bearing the same name as the town in which it lies. Of late several towns and cities whose limits were about identical have been consolidated and the outstanding bonds of both town and city are reported together without distinction. This is the case with the city and town of Hartford, which previous to April, 1896, reported their debts separately. The city and town of New London have been consolidated and also Bridgeport city and town. On December 7, 1897, city, town and school district of New Haven were likewise consolidated.

The borough stands in about the same relation to the town as does the city. The grand list as determined for the town is used by both the city and the borough in levying taxes, the city, for instance, putting a tax of its own on its share of the total grand list of the town. This tax is additional to the town tax. In some instances the schools are in the charge of school districts, which also are empowered to issue bonds and to levy a tax, so that to cover the total tax paid by a city it is necessary to take into account the State, town, city and school district levies. In the statements which follow we give under one heading the town and city, wherever they bear the same name, for though distinct corporations, their debts are to a greater or less extent the debts of a single community.

HISTORY OF DEBT.—The historical details of New York's State debt from 1817 to 1894 will be found in the STATE AND CITY SUPPLEMENT of April, 1894, page 41.

During a period of eleven years ending in 1893 the State debt was paid at the average of $1,000,000 per year, and practically wiped out.

At the November election in 1895 the proposition to issue bonds of the State to the amount of $9,000,000, for the purpose of enlarging and improving the Erie Canal, the Champlain Canal, and the Oswego Canal, was submitted to the voters and carried. These bonds have all been issued to date, but nearly $500,000 have been paid off from the proceeds of the tax levied for a sinking fund, leaving outstanding Mar. 1, 1900, $8,500,660, which, with the $330,000 Comptroller's Certificates and $400,000 Adirondack Park Bonds and $900,000 Defense Bonds, a total of $10,130,660, constituted the State's indebtedness on Mar. 1, 1900.

DEBT LIMITATION—STATE.—The new Constitution has in some measure modified the provisions of the fundamental law restricting the power of the Legislature over the issue of debt, &c These provisions are found in Article 7. We give the sections of that article (Article 7) below which have reference to the subject.

State credit not to be given.—SECTION 1. The credit of the State shall not in any manner be given or loaned to or in aid of any individual association or corporation.

State debts, power to contract.—SEC. 2. The State may, to meet casual deficits or failures in revenues, or for expenses not provided for, contract debts; but such debts, direct or contingent, singly or in the aggregate, shall not at any time exceed one million of dollars; and the moneys arising from the loans creating such debts shall be applied to the purpose for which they were obtained, or to repay the debt so contracted, and to no other purpose whatever.

State debts to repel invasions.—SEC. 3. In addition to the above limited power to contract debts, the State may contract debts to repel invasion, suppress insurrection, or defend the State in war; but the money arising from the contracting of such debts shall be applied to the purpose for which it was raised, or to repay such debts, and to no other purpose whatever.

Limitation of legislative power to create debts.—SEC. 4. Except the debts specified in sections two and three of this article, no debts shall be hereafter contracted by or on behalf of this State, unless such debt shall be authorized by a law, for some single work or object, to be distinctly specified therein; and such law shall impose and provide for the collection of a direct annual tax to pay, and sufficient to pay, the interest on such debt as it falls due, and also to pay and discharge the principal of such debt within eighteen years from the time of the contracting thereof. No such law shall take effect until it shall, at a general election, have been submitted to the people, and have received a majority of all the votes cast for and against it at such election. On the final passage of such bill in either house of the Legislature, the question shall be taken by ayes and noes, to be duly entered on the journals thereof, and shall be: "Shall this bill pass, and ought the same to receive the sanction of the people?" The Legislature may at any time, after the approval of such law by the people, if no debt shall have been contracted in pursuance thereof, repeal the same; and may at any time, by law, forbid the contracting of any further debt or liability under such law; but the tax imposed by such act, in proportion to the debt and liability which may have been contracted, in pursuance of such law, shall remain in force and be irrepealable, and be annually collected, until the proceeds thereof shall have made the provision hereinbefore specified to pay and discharge the interest and principal of such debt and liability. The money arising from any loan or stock creating such debt or liability, shall be applied to the work or object specified in the act authorizing such debt or liability, or for the repayment of such debt or liability and for no other purpose whatever. No such law shall be submitted to be voted on, within three months after its passage, or at any general election when any other law, or any bill, or any amendment to the Constitution, shall be submitted to be voted for or against.

Sinking Fund, how kept and invested.—SEC. 5. The sinking funds provided for the payment of interest and the extinguishment of the principal of the debts of the State shall be separately kept and safely invested, and neither of them shall be appropriated or used in any manner other than for the specific purpose for which it shall have been provided.

DEBT LIMITATION.—CITIES, COUNTIES, TOWNS AND VILLAGES.—The new Constitution of New York State puts a general and uniform limit to the power of all counties and cities of the State to contract and put out their obligations, leaving to the Legislature to fix the debt-making power of villages and towns only. These provisions are found in Article 8, Section 10. We give that section in full. The separation into paragraphs and the figures in parenthesis which number and begin the paragraphs are our own, we having inserted them so that those who need to refer to or use any particular portion can the more readily find the part desired. With that exception we give Section 10 of Article 8 as it reads, preserving even the punctuation.

(1) No county, city, town or village shall hereafter give any money or property, or loan its money or credit to or in aid of any individual, association or corporation, or become directly or indirectly the owner of stock in, or bonds of, any association or corporation; nor shall any such county, city, town or village be allowed to incur any indebtedness except for county, city, town or village purposes. This section shall not prevent such county, city, town or village from making such provision for the aid or support of its poor as may be authorized by law.

(2) No county or city shall be allowed to become indebted for any purpose or in any manner to an amount which, including existing

indebtedness, shall exceed ten per centum of the assessed valuation of the real estate of such county or city subject to taxation, as it appeared by the assessment rolls of said county or city on the last assessment for State or county taxes prior to the incurring of such indebtedness; and all indebtedness in excess of such limitation, except such as may now exist, shall be absolutely void, except as herein otherwise provided.

(3) No county or city whose present indebtedness exceeds ten per centum of the assessed valuation of its real estate subject to taxation, shall be allowed to become indebted in any further amount until such indebtedness shall be reduced within such limit.

(4) This section shall not be construed to prevent the issuing of certificates of indebtedness or revenue bonds issued in anticipation of the collection of taxes for amounts actually contained, or to be contained in the taxes for the year when such certificates or revenue bonds are issued and payable out of such taxes.

(5) Nor shall this section be construed to prevent the issue of bonds to provide for the supply of water; but the terms of the bonds issued to provide the supply of water shall not exceed twenty years, and a sinking fund shall be created on the issuing of the said bonds for their redemption, by raising annually a sum which will produce an amount equal to the sum of the principal and interest of said bonds at their maturity.

(6) All certificates of indebtedness or revenue bonds issued in anticipation of the collection of taxes, which are not retired within five years after their date of issue, and bonds issued to provide for the supply of water, and any debt hereafter incurred by any portion or part of a city, if there shall be any such debt, shall be included in ascertaining the power of the city to become otherwise indebted.

(7) Whenever hereafter the boundaries of any city shall become the same as those of a county, the power of the county to become indebted shall cease, but the debt of the county at that time existing shall not be included as part of the city debt. [At the November 1899 election an amendment to the Constitution was adopted changing this paragraph to read as follows: Whenever the boundaries of any city are the same as those of a county, or when any city shall include within its boundaries more than one county, the power of any county wholly included within such city to become indebted shall cease, but the debt of the county heretofore existing shall not, for the purposes of this section, be reckoned as a part of the city debt.]

(8) The amount hereafter to be raised by tax for county or city purposes, in any county containing a city of over one hundred thousand inhabitants, or any such city of this State, in addition to providing for the principal and interest of existing debt, shall not in the aggregate exceed in any one year two per centum of the assessed valuation of the real and personal estate of such county or city, to be ascertained as prescribed in this section in respect to county or city debt.

By the terms of the foregoing section, Paragraph (1), every "County, City, Town or Village" is included in the prohibition against (1) loaning "its money or credit," (2) in becoming "directly or indirectly the owner of stock in or bonds of any association or corporation," and (3) in incurring "any indebtedness except for County, City, Town or Village purposes." Most of the other paragraphs include only Counties and Cities.

According to Paragraph (6) it seems that "any debt hereafter incurred by any portion or part of a city, if there shall be any such debt, shall be included in ascertaining the power of the city to become other wise indebted."

We would also call special attention to Paragraph (7), declaring that [as amended in 1899] whenever the boundaries of any city may be the same as those of a county or when any city shall include within its boundaries more than one county, "*the power of any county wholly included within such city to become indebted shall cease*, but the debt of the county heretofore existing shall not * * be reckoned as a part of the city debt."

In May 1886 the New York Court of Appeals decided at the end of a litigation begun in July 1885 *that the sinking fund was not a part* of the city debt within the meaning of the above provision of the Constitution limiting the creation of debt to 10 per cent of the assessed valuation of the real estate.

Towns and Villages are not limited in their debt-making power by the Constitution. Those municipalities will be governed by general or special statutes.

The 1895 Legislature passed an act "for the protection of bona fide purchasers and holders of coupon bonds and of municipal corporations against misfeasance, malfeasance or negligence of public officers." The full text of this law was published in the CHRONICLE of June 8, 1895. V. 60, p. 1023.

EXEMPTION FROM TAXATION.—There is one general New York statute with reference to exemption from taxation "for town, county, municipal or State purposes" of a class of bonds "issued by any village, city, town or county" in the State, which seems to have a wider application than is generally known. As originally passed in 1881 the exemption applied only to bonds issued to pay up or retire bonds "created to aid in the construction of any railroad." A new law was passed in 1886 (Chapter 316) making the tax exemption apply to "new bonds" issued under the act to retire any of the then "*present* bonded indebtedness of any village, city, town or county in this State." With reference to such new bonds the third section of the act of 1886 says: "All new bonds issued by any village, city, town or county in this State under the provisions of this act *shall be exempt* from taxation for town, county, municipal or State purposes until the period when they are made payable." In 1893 still another law was passed making the statute cover any bonded indebtedness. The law as it now stands will be found in editorial on page 4 of the April, 1894, SUPPLEMENT.

In addition to the foregoing there are special laws authorizing special issues that are exempt, but which we have not room to quote here. For New York City there is a general statute which directs how any of its bonds may be made exempt from city and county taxation. That statute is subjoined.

SEC. 137. The Commissioners of the "Sinking Fund of the City of New York for the redemption of the city debt," when duly authorized by ordinance of the Common Council, may, by concurrent resolution, direct that the bonds and stocks of said city, issued pursuant to law, after June ninth, eighteen hundred and eighty, shall be exempt from taxation by said city and by the county of New York, but not from taxation for State purposes; and all bonds and stocks issued pursuant to such authority shall be exempt from taxation accordingly, provided that said bonds and stocks shall not bear interest exceeding the rate of four and one-half per centum per annum. The bonds and stocks of the city of New York issued pursuant to the provisions of this section shall express upon their face the fact that they are exempt from taxation by the city and county of New York, but not from State taxation, and shall refer to this section, and to the ordinance of the Common Council, and the resolution of the Commissioners of the Sinking Fund authorizing their issue.

SAVINGS BANK INVESTMENTS—POWERS AND RESTRICTIONS.—In 1898 the New York Legislature passed an amendment to paragraph 6, Sec. 116, of the Savings Bank law of 1892. The amendment extended investments of savings banks to first mortgage railroad bonds the principal part of whose railroad is located within this State, and in 1899 the field of railroad investments was still further enlarged. In 1900 the Chicago & Alton RR. was added to the list and other changes made in paragraph 6.

We give section 116 below as it stands with these amendments incorporated.

Sec. 116. *In what securities deposits may be invested.*—The trustees of any savings banks may invest the moneys deposited therein and the income derived therefrom only as follows:

1. In the stocks or bonds or interest-bearing notes or obligations of the United States, or those for which the faith of the United States is pledged to provide for the payment of the interest and principal, including the bonds of the District of Columbia.

2. In the stocks or bonds or interest-bearing obligations of this State, issued pursuant to the authority of any law of the State.

3. In the stocks or bonds or interest-bearing obligations of any State of the United States which has not within ten years previous to making such investment by such corporation defaulted in the payment of any part of either principal or interest of any debt authorized by the legislature of any such State to be contracted; and in the bonds or interest-bearing obligations of any State of the United States, issued in pursuance of the authority of the legislature of such State, which have, prior to the passage of this act, been issued for the funding or settlement of any previous obligation of such State theretofore in default, and on which said funding or settlement obligation there has been no default in the payment of either principal or interest since the issuance of such funded or settlement obligation, and provided the interest on such funded or settlement obligations has been paid regularly for a period of not less than ten years next preceding such investment.

4. In the stocks or bonds of any city, county, town or village, school district bonds and union free school district bonds issued for school purposes, or in the interest-bearing obligations of any city or county of this State, issued pursuant to the authority of any law of the State for the payment of which the faith and credit of the municipality issuing them are pledged.

5. In the stocks or bonds of the following cities: Boston, Worcester, Cambridge, Lowell, Fall River, Springfield and Holyoke, in the State of Massachusetts; St. Louis, in the State of Missouri; Cleveland, Cincinnati and Toledo, in the State of Ohio; Detroit and Grand Rapids, in the State of Michigan; Providence, in the State of Rhode Island; New Haven and Hartford, in the State of Connecticut; Portland, in the State of Maine; Philadelphia, Pittsburg, Alleghany, Reading and Scranton, in the State of Pennsylvania; Minneapolis and St. Paul, in the State of Minnesota; Des Moines, in the State of Iowa; Milwaukee, in the State of Wisconsin; Louisville, in the State of Kentucky; Paterson, Trenton, Newark and Camden, in the State of New Jersey; Baltimore, in the State of Maryland. If at any time the indebtedness of any of said cities, less its water debt and sinking fund, shall exceed seven per centum of its valuation for purposes of taxation, its bonds and stocks shall thereafter, and until such indebtedness shall be reduced to seven per centum of the valuation for the purposes of taxation, cease to be an authorized investment for the moneys of savings banks, but the superintendent of the banking department may, in his discretion, require any savings bank to sell such bonds or stocks of said city, as may have been purchased prior to said increase of debt.

6. In bonds and mortgages on unincumbered real property situated in this State, worth at least twice the amount loaned thereon. Not more than sixty-five per centum of the whole amount of deposits shall be so loaned or invested. If the loan is on unimproved and unproductive real property, the amount loaned thereon shall not be more than forty per centum of its actual value. No investment in any bonds and mortgage shall be made by any savings bank except upon the report of a committee of its trustees charged with the duty of investigating the same, who shall certify to the value of the premises mortgaged or to be mortgaged, according to their best judgment, and such report shall be filed and preserved among the records of the corporation. Also in the first mortgage bonds of any railroad corporation of this State, the principal part of whose railroad is located within this State; or of any railroad corporation of this and any other State or States connecting with and controlled and operated as part of the system of any such railroad corporation of this State, and of which connecting railroad at least a majority of its capital stock is owned by such a railroad corporation of this State, or in the mortgage bonds of any such railroad corporation of an issue to retire all prior mortgage debt of such railroad companies respectively; provided that at no time within five years next preceding the date of any such investment shall such railroad corporation of this State or such connecting railroad corporation respectively have failed regularly and punctually to pay the principal and interest of all its mortgage indebtedness, and in addition thereto regularly and punctually to have paid dividends upon all its outstanding capital stock during the preceding five years, at the rate of not less than four per centum per annum; and provided, further, that at the date of every such dividend the outstanding capital stock of such railroad corporation, or such connecting railroad company respectively shall have been equal to at least one-half of the total mortgage indebtedness of such railroad corporations respectively, including all bonds issued or to be issued under any mortgage securing any bond in which such investment shall be made. Also in the mortgage bonds of the following railroad corporations: The Chicago & North Western RR. Co., Chicago Burlington & Quincy RR Co., Michigan Central RR. Co., Illinois Central RR. Co., Pennsylvania RR. Co., Delaware & Hudson Canal Co., Delaware Lackawanna & Western RR. Co., New York New Haven & Hartford RR. Co., Boston & Maine RR. Co., Maine Central RR Co., the Chicago & Alton RR. Co. Provided that at the time of making such investment the said railroads shall have earned and paid regular dividends of not less than four per centum per annum in cash on all their issues of capital stock for the ten years next preceding such investment, and provided the capital stock of any of said railroad corporations shall equal or exceed in amount one-third of the par value of all its bonded indebtedness; and further provided that all bonds hereby authorized for investments shall be secured by a mortgage which is a first mortgage on either the whole or some part of the railroad and railroad property actually in the possession of and operated by such company; or that such bonds shall be mortgage bonds of an issue to retire all prior mortgage debt of such railroad company; also in the first mortgage bonds of the Fonda Johnstown & Gloversville RR. Co., or in the mortgage bonds of said railroad company of an issue to retire all prior mortgage debts of said railroad company, and provided the capital stock of said railroad company shall equal or exceed in amount one third of the par value of all its bonded indebtedness; and provided, also that such railroad be of standard gauge of four feet eight and one-half inches. Not more than twenty per centum of the whole amount of deposits of any bank shall be loaned or invested in railroad bonds, and not more than five per centum of the deposits of any bank shall be invested in the bonds of any one railroad. Street railroad corporations shall not be considered railroad corporations within the meaning of this subdivision.

[Under date of June 10, 1899, F. D. Kilburn, Superintendent of the State Banking Department, issued a circular naming the bonds in which savings banks may invest under the amendment of 1899. For list of such bonds see CHRONICLE, V. 68, p. 1111. In 1899, as above stated, the Chicago & Alton was added to the list.]

7. In real property subject to the provisions of the next section.

It will be noted that subdivision 7 (the last paragraph of the above) refers to the "next section" for the provisions applicable. This reference is to section 117 of the law of 1892; we omit that section as it relates only to real estate. Sections 118, 119 and 120 of the law of 1892 we subjoin.

SECTION 118. The trustees of every such corporation shall as soon as practicable invest the moneys deposited with them in the securities authorized by this article; but for the purpose of meeting current

payments and expenses in excess of the receipts, there may be kept an available fund not exceeding ten per centum of the whole amount of deposits with such corporation, on hand or deposit in any bank in this State organized under any law of this State or of the United States, or with any trust company incorporated by any law of the State; but the sum so deposited in any one bank or trust company shall not exceed twenty-five per centum of the paid-up capital and surplus of any such bank or company; or such available fund, or any part thereof, may be loaned upon pledge of the securities or any of them named in subdivisions one, two, three and four of the preceding section but one, but not in excess of ninety per centum of the cash market value of such securities so pledged. Should any of the securities so held in pledge depreciate in value, after making any loan thereon, the trustees shall require the immediate payment of such loan or of a part thereof, or additional security therefor, so that the amount loaned shall at no time exceed 90% of the market value of the securities pledged for the same.

SECTION 119. Every such corporation may also deposit temporarily in the banks or trust companies specified in the last section the excess of current daily receipts over the payments, until such time as the same can be judiciously invested in the securities required by this article. Whenever it shall appear to the superintendent of banks that the trustees of any such corporation are violating the spirit and intent of this provision by keeping permanently uninvested all or an undue proportion of the moneys received by them, he shall report the facts to the Attorney-General, who shall proceed against such corporation in the manner provided in section eighty-two of this chapter.

SECTION 120. The trustees of any savings bank shall not loan the moneys deposited with them or any part thereof, upon notes, bills of exchange, drafts or any other personal securities whatever. In all cases of loans upon real property, a sufficient bond secured by a mortgage thereon, shall be required of the borrower, and all the expenses of searchers,* examinations and certificates of title or appraisal of value, and of drawing, perfecting and recording papers, shall be paid by the borrower.

HEMPSTEAD.—Hempstead is in Queens County and the town originally included Far Rockaway, Hempstead, Inwood, Lawrence, Rockaway Beach and Seaford villages. On Jan. 1, 1898, that portion of the town lying "westerly of a straight line drawn from the southeasterly point of the town of Flushing through the middle of the channel between Rockaway Beach and Shelter Island, in the county of Queens, to the Atlantic Ocean," became part of New York City, under the Greater New York Charter. This boundary was changed by the Legislature in April, 1899, and the new boundary is that portion of the old town of Hempstead "bounded on the east and north by the east and north bounds of the former village of Far Rockaway, and on the east by a line drawn due north from the northwest corner of said village to the south line of the town of Jamaica, as it existed on the thirty-first day of December, 1897." The bonds given below are those remaining as a debt against the town after assigning to New York City the portion belonging to it according to a decision of the Supreme Court of the Third Judicial District at Albany Dec. 9, 1899. BOROUGH OF BROOKLYN.

CITY OF BROOKLYN.

The old city of Brooklyn covered the entire area of the county of Kings, the county government being consolidated with that of the city on January 1, 1896, under the provisions of Chapter 954 of the Laws of 1895. Under the provisions of this act "the debt of the said county shall not be deemed to be or be included as a part of the debt of the City of Brooklyn, within the meaning of the provision of the Constitution of the State of New York limiting the power of cities to incur indebtedness." [See CHRONICLE, vol. 62, p. 49.] The towns of Flatbush, New Utrecht and Gravesend were annexed to the City of Brooklyn in 1894 and the town of Flatlands became a ward of the city on the first day of January, 1896.

Debt city of Brooklyn, including annexed towns, and debt of Kings County, as constituted prior to consolidation on January 1, 1898:

COUNTY OF QUEENS.

The debt of the county of Queens is reported under the county's own name on a subsequent page; the amount of this debt which will be chargeable to the city of New York has not yet been judicially determined, although the referee, ex-Judge Brown, has decided that the division of the debt should be on the basis of the assessed valuation of Nassau County and Queens Borough. This division makes New York City responsible for $3,822,346 and Nassau County for $985,653 of the old county's debt. The decision was confirmed, but an appeal has been taken.

HISTORY OF DEBT.—New Jersey has always been a conservative State; there are consequently no facts out of which to construct a history of debt issues. In a report made in 1838 the financial officer of the State affirmed that New Jersey had put out no obligations of any kind or loaned its credit to any company. The Constitution of 1844 forbade the creating of a State debt exceeding one hundred thousand dollars *except* for purposes of war, &c., as will more fully appear in the item below with respect to "debt limitation." This exception, under which it was allowable to exceed the hundred-thousand-dollar limit became operative on the occasion of the breaking out of our Civil War. Quite a debt was created at that period and what the State now owes is the remnant of those war issues. The details are as follows.

LOANS— NAME AND PURPOSE.	Interest. Rate.	Interest. Payable.	Principal. When Due.	Principal. Outstand'g.
War loan.....	6	J & J	Jan. 1, 1902	71,000

INTEREST is payable in Jersey City and Trenton.

TOTAL DEBT.—The total bonded debt of the State on January 1, 1900, was $71,000. At previous dates it was:

Nov. 1, 1899.....	$71,000	Nov. 1, 1895.....	$660,400
Nov. 1, 1898.....	194,000	Nov. 1, 1894.....	735,400
Nov. 1, 1897.....	394,000	Nov. 1, 1880.....	1,996,300
Nov. 1, 1896.....	593,400		

On Nov. 1, 1899, the cash balance on hand was $1,253,153 42.

ASSESSED VALUATION.—The assessed valuation, etc., has been

1899.....	$866,030,048	1892.....	$742,759,082	1880....	$518,617,518
1898.....	844,354,193	1890.....	649,979,700	1878....	531,851,849

1894.....	774,398,332	1882.....	534,917,876		

In addition to the above the valuation of railroad and canal property in 1900 was $222,216,534.

DEBT LIMITATIONS.—The provisions of law limiting and regulating the debt-making power in New Jersey will be better understood and the information will be made more serviceable to the investor if arranged in accordance with the civil divisions to which the provisions apply.

(1) *THE STATE* is restricted as to its debt-making power by the State Constitution. In Article IV, Section VI, paragraphs 3 and 4, the whole subject is disposed of. The third paragraph forbids a loan of the State's credit, and the fourth paragraph forbids the creation of debt. These provisions are as follows.

3. The credit of the State shall not be directly or indirectly loaned in any case.

4. The Legislature shall not in any manner create any debt or debts, liability or liabilities of the State, which shall singly or in the aggregate with any previous debts or liabilities at any time exceed one hundred thousand dollars, except for purposes of war, or to repel invasion, or to suppress insurrection, unless the same shall be authorized by a law for some single object of work, to be distinctly specified therein; which law shall provide the ways and means, exclusive of loans, to pay the interest of such debt or liability as it falls due, and also to pay and discharge the principal of such debt or liability within thirty-five years from the time of the contracting thereof, and shall be irrepealable until such debt or liability and the interest thereon are fully paid and discharged; and no such law shall take effect until it shall, at a general election, have been submitted to the people, and have received the sanction of a majority of all the votes cast for and against it at such election; and all money to be raised by the authority of such law shall be applied only to the specific object stated therein, and to the payment of the debt thereby created. This section shall not be construed to refer to any money that has been, or may be, deposited with this State by the Government of the United States.

According to the foregoing (4th paragraph), the power of the State for making debt is limited to $100,000, except (1) for purposes of war etc., and (2) when the authorization is for some single object of work specified therein, etc. In the latter case the mode of procedure is, as will be seen, given in the same paragraph of the Constitution.

(2) *CITIES, COUNTIES, TOWNS, Etc.*, are also restricted in the making of certain kinds of debt by Article I, paragraphs 19 and 20, of the Constitution. We give the paragraph in full.

19. No county, city, borough, town, township or village shall hereafter give any money or property, or loan its money or credit, to or in aid of any individual, association or corporation, or become security for or be directly or indirectly the owner of any stock or bonds of any association or corporation.

20. No donation of land or appropriation of money shall be made by the State or any municipal corporation to or for the use of any society, association or corporation whatever.

It will be noted that the above prohibition relates to the giving of money, property or credit of cities, &c., to individuals, associations, or corporations, &c., and that the prohibition is absolute, forbidding the doing of such acts in any form, shape or manner. There is one other restriction of the State Constitution, and that is found in Article IV. Section VII., paragraph 11, which forbids the Legislature passing any *special* laws "regulating the internal affairs of *towns and counties*"; in this and in all other cases in which according to the judgment of the Legislature general laws are feasible, the Constitution states that general laws must be provided.

In compliance with this last provision the Legislature has passed many general laws covering bonded indebtedness of cities, towns, etc. They are so numerous they cannot be cited here. We would refer the reader to the Revised Statutes of New Jersey published in 1896 under the heading "Municipal Bonds" pages 693 to 716 both inclusive; and also to the same heading ("Municipal Bonds") pages 2220, etc.

TAX EXEMPTION.—The State of New Jersey passed in 1893 a general statute which exempts from taxation the bonds, securities and other evidences of indebtedness of municipal corporations; the provision covers not only the bonds, etc., to be hereafter issued, but those as well that have been heretofore issued. It is a sweeping statute, and one which is of decided interest to the holders of the municipal securities of the State. The full text of it may be found in the STATE AND CITY SUPPLEMENT for October, 1898, page 58.

POPULATION OF STATE.—Population has been as follows.

SAVINGS BANKS' INVESTMENTS—POWERS AND RESTRICTIONS.—The last *general* savings bank law of New Jersey was passed in 1876. Since then the legislative tendency in the matter of investments has been in the direction of allowing the management of these institutions a wider choice and a larger discretion. In 1878 the limits of the 1876 law were broadened in several particulars by a new act of two sections, the first taking the place of section 26 of the act of 1876. In 1886 still another law was passed in place of the first section of the law of 1878. Again in 1889 an act was passed extending materially the provisions of section two of the law of 1878, which covered the same subject matter contained in section 29 of the original law of 1876, and thereby section 26 of the law of 1876 was superseded by the law of 1886, and section 29 was superseded by the law of 1889. In 1896 a supplement approved March 30, 1896 (Chapter 139, laws of 1896) to the law of 1876, making school district bonds an authorized investment, went into effect. In 1897 an act was passed (approved April 9) authorizing investments in bonds issued by commissioners appointed by the Supreme Court of the State. In 1899 a further supplement extending the permissible line of municipal investments so as to include the bonds of townships and boroughs was approved March 24. An attempt to add such securities to the list was made in 1898, but the measure then failed to receive the approval of the Governor. The 1899 law is as follows:

SECTION 1. It shall be lawful for any savings bank in this State to invest its funds in the bonds of any city, county, town or township of this State issued pursuant to the authority of any law of this State, or in the bonds of any borough or village or school district of this State issued pursuant to the authority of any law of this State; *provided*, such borough, village or school district shall not, within the ten years next preceding, have defaulted in the payment of any part of either principal or interest of any legal debt or obligation thereof; *and provided further*, that the total indebtedness of any such borough or village does not exceed ten per centum of its assessed valuation, and such school district bonds are by law charged upon all the property of the inhabitants of such district, or in any interest-bearing obligation (other than obligations commonly known as improvement certificates) issued by the city, county, town, township, borough or village in which such bank or institution is situated.

The following is the law of 1897 (approved April 9, 1897):

"Sec. 1. It shall be lawful for any bank, trust company, savings bank or savings institution * * * incorporated under the laws of this State, to invest moneys belonging to or deposited with any such companies in any bonds authorized by the laws of this State to be issued by any commission appointed by the Supreme Court of this State by virtue of any law of this State."

We omit the law of 1896 with reference to school district bonds because its provisions are included in the laws of 1899, quoted above.

Next we give the leading provisions of the general law as to investments.

SECTION 1. That the first section of the act of which this is a supplement be and the same is hereby amended so as to read as follows:

That it shall not be lawful, from and after the passage of this act, for any savings bank or other savings institution, whether chartered or incorporated under a general or special act of the legislature of this State, and any provision contained in the charter, or any supplement thereto, of such savings bank or savings institution to the contrary, to invest the moneys deposited with the same in any manner, except as follows, to wit:

I. In the stocks or bonds or interest-bearing notes or obligations of the United States, or those for which the faith of the United States is distinctly pledged to provide for the payment of the principal and interest thereof;

II. In the interest-bearing bonds of this State;

III. In the bonds of any State in the Union that has not, within ten years previous to making such investment by any such bank or institution, defaulted in the payment of any part of either principal or interest of any debt authorized by any legislature of such State to be contracted.

IV. In the stocks or bonds of any city, town, county or village of this State, issued pursuant to the authority of any law of this State, or of the cities of New York, Brooklyn and Philadelphia, or in any interest-bearing obligations (other than those commonly known as improvement certificates) issued by the city, town or borough in which such bank or institution shall be situated; *(See below for provision including the bonds of* certain cities and counties of *any* State in the U. S).

V. In bonds secured by mortgages which shall be a first lien on real estate situate in this State, and worth at least double the amount

loaned thereon, but not to exceed eighty per centum of the whole deposits shall be so loaned or invested; but in case the loan is on unimproved or unproductive real estate, the amount loaned thereon shall not be more than thirty per centum of its actual value; and no investment in any bond and mortgage shall be made by any savings bank, except upon the report of a committee of at least three of the managers, directors or trustees of any such bank or institution, and a majority of which committee shall certify to the value of the premises mortgaged, or to be mortgaged, according to their best judgment; such report shall be filed and preserved among the records of the institution;

VI. In real estate strictly in accordance with the following provisions.

We do not reprint the real estate provisions, as they cover a matter not germane to our present subject. It is sufficient to say that they are two in number, marked *(a)* and *(b)*, and may be summarized as below:

(a) authorizes the holding of a plot for erection of a banking building or buildings, portions of which may be rented, but the cost of lot and buildings must not exceed 50% of the net surplus of the corporation;

(b) all purchases under foreclosure sales upon mortgages owned by the corporation or sales under judgments or decrees obtained for debts due, etc.; and all such real estate must be sold within five years unless, on application to the State Board having supervision of Savings Banks, time shall be extended.

But the character of permissible investments was further greatly enlarged by the law of 1886, which is as follows:

SECTION 1. That it shall be lawful for any savings bank or savings institution, incorporated under any law of this State, to invest moneys deposited with it in the bonds of any city or county of any State of the United States of America, which have been or may be issued pursuant to the authority of any law of any such State; *provided*, no such city or county has, within ten years previous to making such investment by any such savings bank or savings institution of this State, defaulted in the payment of any part of either principal or interest of any debt authorized by law of such State to be contracted; *and provided, further*, that the total indebtedness of any such city or county is limited by law to ten percentum of its assessed valuation.

By another act the banks also have the right to *invest in railroad bonds* under certain restrictions. The authorization was given by Section 2 of an act approved February 22, 1888. Subsequently (April 27, 1888,) this Section 2 was repealed. On March 27, 1889, however, it was again re-enacted. The section is as follows:

SECTION 2. That it shall be lawful for any savings bank in this State to invest its funds in first mortgage bonds of any railroad company which has paid dividends of not less than four per centum per annum regularly, on their entire capital stock, for a period of not less than five years next previous to the purchase of such bonds, or in any consolidated mortgage bonds of any such company authorized to be issued to retire the entire bonded debt of such company.

The other law referred to above passed in 1889 amending section 2 of the law of 1878 is as below. It relates to *loans on collaterals*:

SECTION 2. That hereafter it shall not be lawful for any saving institution in this State to loan the money on deposit with the same, or any part thereof, upon notes, bills of exchange or drafts, excepting upon the additional pledge of collateral security or securities, which collateral security or securities shall be of the same nature and character as those in which the money deposited may be invested, as directed in the first section of this act, or the capital stocks of national and State banks, or other corporations of this State, which have not defaulted in the payment of interest dividends within two years next preceding the time of such loan, and then only to the extent of *eighty* per centum of the *market* value of such collaterals; *provided*, that the total amount of such loans shall not exceed fifteen per centum of the total deposits held by such institution.

In addition to the foregoing (according to section 27 of the general law of 1876) the managers can keep on hand or on deposit in any bank in the State, or in any trust or safe deposit company in New Jersey, New York or Pennsylvania, an available fund of not exceeding ten per cent of the whole amount of deposits with such corporation, or loan the same on pledge of the securities named in the first section cited above. Also (according to section 28 of the general law of 1876) they can deposit temporarily in banks the excess of current daily receipts over payments until such time as they may be judiciously invested.

JERSEY CITY.—EDWARD HOOS, Mayor. ROBERT S. JORDAN, Comptroller.

Jersey City formerly suffered greatly from difficulty in collecting taxes and assessments. Under the Martin Act, however, passed some years ago by the Legislature, arrears of taxes are made liens on the property, and if not paid within three years the property can be sold to satisfy them. The city has also succeeded in adjusting the taxes with the railroads, and the latter now pay into the treasury about $225,000 annually. On Feb. 13, 1900, the citizens authorized the purchase of a water plant (now building) for the sum of $7,595,000. V. 70, p. 344. Jersey City is in Hudson County.

RAHWAY.—CHAS. B. HOLMES, Mayor. R. VANDERHOVEN, Treasurer.

This city, of Union County, was declared bankrupt in 1882, and a compromise of the debt exclusive of the water debt ($185,000) was forthwith agreed to with most of the leading creditors at 35 cents on the dollar, the debt, exclusive of water debt, then amounting to about $1,200,000. This settlement was completed in 1894, and interest is now paid promptly on the new bonds. The water bonds were renewed in 1891 at 4 per cent, an agreement having been made in 1890 by which all accrued interest at 7 per cent was adjusted at the 35 per cent rate. Interest on the water bonds is also promptly paid.

DEBT LIMITATION—In Pennsylvania the limit to the indebtedness of the State, and to the indebtedness of the cities and minor civil organizations in the State, is fixed by the State Constitution.

1. *State indebtedness.*—With regard to the State, the regulations controlling and governing debt creation, payment, &c., are found in Sections 4, 5, 6, 11, 12, 13 and 14 of Article IX of the Constitution, and are as follows.

ARTICLE IX, Sec. 4. No debt shall be created by, or on behalf of, the State except to supply casual deficiencies of revenue, repel invasions, suppress insurrection, defend the State in war, or to pay existing debt; and the debt created to supply deficiencies in revenue shall never exceed, in the aggregate at any one time, one million of dollars.

SECTION 5. All laws authorizing the borrowing of money by, and on behalf of, the State shall specify the purpose for which the money is to be used, and the money so borrowed shall be used for the purpose specified and no other.

SECTION 6. The credit of the Commonwealth shall not be pledged or loaned to any individual, company, corporation or association, nor shall the Commonwealth become a joint-owner or stockholder in any company, association or corporation.

SECTION 11. To provide for the payment of the present State debt, and any additional debt contracted as aforesaid, the General Assembly shall continue and maintain the sinking fund sufficient to pay the accruing interest on such debt, and annually to reduce the principal thereof by a sum not less than two hundred and fifty thousand dollars; the said sinking fund shall consist of the proceeds of the sales of the public works, or any part thereof, and of the income or proceeds of the sale of any stocks owned by the Commonwealth, together with other funds and resources that may be designated by law, and shall be increased from time to time by assigning to it any part of the taxes or other revenue of the State not required for the ordinary and current expenses of government, and unless in case of war, invasion or insurrection, no part of the said sinking fund shall be used or applied otherwise than in the extinguishment of the public debt.

SECTION 12. The moneys of the State, over and above the necessary reserve, shall be used in the payment of the debt of the State, either directly or through the sinking fund, and the moneys of the sinking fund shall never be invested in or loaned upon the security of anything except the bonds of the United States or of this State.

SECTION 13. The moneys held as necessary reserve shall be limited by law to the amount required for current expenses, and shall be secured and kept as may be provided by law. Monthly statements shall be published, showing the amount of such moneys, where the same are deposited, and how secured.

SECTION 14. The making of profit out of the public moneys, or using the same for any purpose not authorized by law, by any officer of the State, or member or officer of the General Assembly, shall be a misdemeanor, and shall be punished as may be provided by law; but part of such punishment shall be disqualiffcation to hold office for a period of not less than five years.

State loans in Pennsylvania, whether created for original indebtedness or authorized to fund existing indebtedness, are usually negotiated through the Governor and Commissioners of the sinking fund.

The last act of the Pennsylvania Legislature authorizing a public loan was the act of June 8, 1881, when a thirty-year loan was effected to fund existing indebtedness at a lower rate of interest.

The earliest date at which the last of the existing indebtedness of Pennsylvania will mature is February 1, 1912, and under existing arrangements the accumulations in the sinking fund will at that time pay the total State indebtedness.

(2) *County and Municipal Indebtedness.*—Under the laws of Pennsylvania the power to create county loans is in the Board of County Commissioners, which consists in each county of three persons, elected tri-ennially under the minority system of voting, by which the minority party in each County usually has one member of the Board.

In cities and boroughs the power to create indebtedness is vested in councils, municipal debts being created by ordinance.

The creation of county, city and other municipal indebtedness is subject to the following constitutional limitations.

ARTICLE IX, Sec. 7. The General Assembly shall not authorize any county, city, borough, township or incorporated district to become a stockholder in any company, association or corporation, or to obtain or appropriate money for, or to loan its credit to, any corporation, association, institution or individual.

SECTION 8. The debt of any county, city, borough, township, school district, or other municipality or incorporated district, except as herein provided, shall never exceed seven per centum upon the assessed value of the taxable property therein, nor shall any such municipality or district incur any new debt, or increase its indebtedness to an amount exceeding two per centum upon such assessed valuation of property, without the assent of the electors thereof at a public election in such manner as shall be provided by law; but any city the debt of which now exceeds seven per centum of such assessed valuation may be authorized by law to increase the same three per centum, in the aggregate at any one time, upon such valuation.

SECTION 9. The Commonwealth shall not assume the debt, or any part thereof, of any city, county, borough or township, unless such debt shall have been contracted to enable the State to repeal invasion, suppress domestic insurrection, defend itself in time of war, or to assist the State in the discharge of any portion of its present indebtedness.

SECTION 10. Any county, township, school district or other municipality incurring any indebtedness shall, at or before the time of so doing, provide for the collection of an annual tax sufficient to pay the interest, and also the principal thereof within thirty years.

(3) *Townships and School Districts.*—In the various school districts of the State the school directors have the power to create loans, subject to the limitations of Section 10 above quoted, to provide for the redemption of the same within thirty years.

In townships, the only authority, except that of the school directors to borrow money, is in the road supervisors, who have no power to create bonded indebtedness, but simply to make a temporary loan for necessary expenses, which must be provided for by an assessment of sufficient township tax rate, known as road tax.

POPULATION OF STATE.—The population of Pennsylvania has been reported as follows in the years named.

1890	5,258,014	1860	2,906,215	1830	1,348,233
1880	4,282,891	1850	2,311,786	1820	1,047,507
1870	3,521,951	1840	1,724,033	1810	810,091

SAVINGS BANKS INVESTMENTS—POWERS AND RESTRICTIONS.—Philadelphia is, we believe, entitled to the distinction of starting the first savings institution in the United States. The name this association bore was the "Philadelphia Savings Fund Society," and it still exists, bearing the same name. Originally the bank was not incorporated, but was a voluntary organization, such societies in Great Britain being at that time of a like character. The date of the organization was November 27, 1816, and the bank was opened for business December 2, 1816. Mr. Hutchinson, who, now holds the office of President, states that the oldest ledger of the company goes back to the time of opening, and shows a deposit on that day (December 2, 1816) of five dollars. The company was not incorporated until February 25, 1819.

It is surprising that Pennsylvania, although engaged in such an early venture in the department of savings institutions, should have made so little progress in the same department since. Indeed, the second organization does not bear date until 1847, and we think there had only been 10 mutual savings institutions organized in the whole State from 1816 down to the early part of 1890. We may assume, however, that this slow development was in no measure due to a lack of desire for savings banks on the part of the people of that common wealth. That such institutions were sought and needed is sufficiently evident from the fact that nine of the ten companies referred to above reported in 1890 that they held $63.957,341 of deposits. In 1889 a general law, facilitating the incorporation of savings banks, was passed by the Legislature. Since then there has been a small addition to the number of institutions, the total doing business in the State on Nov. 29, 1899, being 16, with deposits aggregating $99,261,413.

The provisions of the special charters are all liberal as to investments. A law passed in 1885, and a supplement of the same passed in 1889, authorizing the extension for twenty years of special charters, contains the following.

"*Provided also*, that no * * * Savings Institution or Savings Bank having no capital stock, renewing or extending its charter, corporate rights and franchises, under the provisions of this act, shall thereafter be allowed the privileges of a bank of discount, nor be allowed to loan any money received on deposit, EXCEPT first mortgage or lien upon real estate within this commonwealth, upon the bonds or securities of the United States or of this State, or upon county, city, borough, township or school bonds of any county, city, borough, township or school district within this commonwealth, *or any other good and valid securities.*"

Authority to loan on any "good and valid security "appears to confer about as broad a discretion upon the managers as could be expressed in a statute.

It was not until 1889, as already stated, that a general law facilitating the organization of savings institutions was passed. That law of 1889 is indeed well adapted not only for facilitating, but for stimulating, the growth of the system. Its influence in the latter direction would seem to be assured under the liberality of the provisions respecting investments. The following is section 17, which contains the investment limitations; we would especially direct attention to subdivision four of this section:

SECTION 17.—It shall be lawful for the trustees of any savings bank to invest money deposited therein only as follows:

(1.) In the stocks or bonds or interest-bearing notes or the obligations of the United States, or those for which the faith of the United States is pledged to provide for the payment of the interest and the principal.

(2) In the stocks or bonds of the Commonwealth of Pennsylvania bearing interest.

(3) In the stocks or bonds of any State in the Union that has not within ten years previous to making such investments, by such corporation, defaulted in the payment of any part of either principal or interest of any debt authorized by any Legislature of such State to be contracted.

(4) In the stocks or bonds of any city, county, town or village of any State of the United States, issued pursuant to the authority of any law of the State, or in any interest-bearing obligations issued by the city or county in which such bank shall be situated.

(5) In bonds and mortgages on unincumbered, improved real estate, situated in this State.

It will be noted that according to the foregoing (sub-division four), Pennsylvania savings banks are allowed to invest their deposits in the bonds and stocks of any city, county town or village in any of the United States. Furthermore, by the fifth subdivision bonds and mortgages are left to the discretion of the trustees in all purchases, except that they must be first mortgages on improved real estate in Pennsylvania. The next section (18) relates to the temporary deposit of funds in banks and trust companies. It makes it lawful to deposit temporarily in banks or trust companies the excess of current daily receipts over the payments until such time as the same can be judiciously invested in the securities named above.

PHILADELPHIA.—{S. H. ASHBRIDGE, Mayor. / JOHN M. WALTON, Comptrol'r.

Philadelphia, co-extensive with the county of the same name, is the third city of the United States, has an area of over 130 square miles, and includes a number of places which have almost the character of separate towns. The county is under city control and has no separate debt. In the following table the various issues of bonds under the general heads, Taxed City Loan and Untaxed City Loan, are given in the order of their dates of maturity.

The long-continued litigation over the issuance of the $11,200,000 bonds voted Nov. 7, 1897, was concluded May 15, 1899, by a decision of the Supreme Court confirming their validity. One-half the bonds was issued July 1, 1899. An issue of $12,000,000 was authorized at the election held Nov. 7, 1899, for the improvement of the water supply. At this date (April 1, 1900), none have yet been offered for sale.
